Encyclopedia of Irish and American Fiddle Tunes Duck Baker, 2016-02-19 This volume is intended as a folio of arrangements from the repertoire of a working musician As such there is only a minimum of discussion about the technical aspects of playing Students who have already dealt with the American style called fingerpicking or fingerstyle guitar which is quite distinct from other kinds of guitar playing will be at an advantage the easiest arrangements here are early intermediate level while the other end of the scale includes pieces that may challenge even a professional Tunes within each section are presented generally in order of difficulty the bulk of the tunes presented are fiddle tunes with a couple of banjo tunes and several songs as well as tunes originally played on other instruments such as harp pipes or accordion There are even a small number composed for the guitar for the most part differences in approach among the tunes here are unrelated to the instrumental sources All the tunes are presented in notation and tablature

Scottish Fire Bonnie Rideout, 2010-10-07 The fiddle has been popular in Scotland for over 500 years as an accompanying instrument for dance and song Bonnie Rideout has been playing traditional Scottish fiddle music since the 1980s This collection presents favorite tunes which Bonnie had stashed away over the years while awaiting the perfect opportunity to record them the music written here ranges from J Scott Skinner's Dr Gordon Stable a wonderful fiery reel she once played to garner her first national fiddling title as a young teenager to Fear A Bhata a heartbreaking air she has known as long as she can remember These Scottish fiddle selections have been carefully transcribed from Bonnie's recording *Scottish Fire* It would be impossible to write down all her bowings and every grace note especially since they are not always consistent from one playing to the next Readers should use this book as a basis for exploring their own voice within the music

Anthology of Fiddle Dance Tunes Bill Guest, 2021-12-17 In this generous collection Nova Scotian fiddler Bill Guest presents standard notation of easy to intermediate level traditional tunes some of his own more complex original compositions plus works by twenty one of his Canadian fiddling contemporaries The collection offers approximately 120 dance tunes including waltzes hornpipes jigs polkas two steps airs breakdowns reels swing tunes and a few 4 4 melodies for slow dancers The Irish Washerwoman is presented in 3 versions with different time signatures and five selections are arranged as duets The salient feature of this book however is the enjoyment and multifaceted musical perspective gained from playing the work of so many fiddlers from across the vast commonwealth of Canada

A Study in Flatpicking Jeff Troxel, 2024-06-20 In this book journalist composer songwriter teacher and 2003 Winfield Flatpicking Guitar Champion Jeff Troxel delivers a masterclass in arranging fiddle tunes for flatpicking guitar These 20 themes and variations on favorite bluegrass melodies are designed to improve overall musicianship and augment your own arranging skills Ideal for the intermediate to advanced flatpicking guitarist the author reveals techniques for enabling readers to create their own theme and variations settings Suggested rhythm guitar chords and light left hand fingerings are also provided Troxel points out that one of the unexpected benefits of learning and memorizing themes with variations is that the process will ultimately facilitate linear and harmonic improvisation It would be a painstaking process to learn this skill from a teacher or a harmony textbook but once memorized the scale and arpeggio patterns within these tunes and variations will set you on a viable path towards original improvised lines As a bonus the author includes a generous appendix containing several of his Flatpicking Guitar Magazine articles that deal with aspects of musicianship that every guitarist should know While written in standard notation and tab if you have relied solely on tablature and recordings in the past this book can provide the key to understanding essential music theory and reading standard notation If you re not quite ready to learn to read standard notation you can still use the tab and the author s excellent online recordings to learn these delightful arrangements In any case it will be fun to get these settings of standard bluegrass tunes in hand and use them in future jam sessions
