water excursions and high powered flights above the whole scene In short Sydney is the country s showpiece for holiday and adventure The continent s most active port city Sydney actually sits inland of the Pacific around nine mi 15 km inland from the coast along the Port Jackson waterway which itself is carved into numerous smaller islands and bays Surrounding the harbor are great patches of pine and semi tropical forests which quickly lead up into the bumpy foothills of the Great Dividing Ranges This is eucalyptus territory where the arid environment of blue gums is colored by a heated haze given off from the leaves hence the region s name OCo the Blue Mountains Also of the more than 70 national parks throughout New South Wales more than a handful are settled right around Sydney itself OCo the coastal Royal National Park the northern Wollemi National Park and the western Blue Mountains National Park among them With its diverse personalities multicultural flavors and sophisticated yet down to earth airs Sydney offers something for every traveler It s a place where history culture activities and adventure are blended into a well run and engaging metropolis where locals take pride in their heritage and guests are welcomed like friends Massive transport systems provide a choice of city wide links that are clean quick and cheap food runs from simple Australian to worldly gourmet and endless accommodation options spread from ocean to mountains With 224 million acres 80 million plus hectares the large state of New South Wales has a continually changing landscape which delves into some of Australia s best scenes The classic golden sand beaches form a string along the east coast getting more tropical the farther north you travel toward Queens land or becoming more rocky and chilled the farther south you head toward Victoria The mighty Murray River forms the southern border stretching a watery band of blue along the northern edge of Victoria and providing sustenance to some of both states richest farms grazing grounds and wine regions The Darling and Murrumbidgee also feed the dry western plains and offer a string of charming settlements to explore along their edges The Great Dividing Range runs parallel to the continent s edge curving down all the way from the far north tip of Queensland through New South Wales and on down to Melbourne Included within the peaks are the Blue Mountains just outside of Sydney as well as the Snowy Mountains in the far south of the state And the mountains are indeed a dividing factor in the country s atmosphere not only in visual landscape from eastern beaches to western plains and deserts they also form a border between the balmy ocean settings and the scorched western Outback Fertile farmlands and orchards are tucked into the folds of the mountains while the state s famous vineyards spread out through the glistening river valleys

Perth, Western Australia & the Outback Holly Smith, 2010-09-14 Following is an excerpt from this extensive broad national parks with million year old natural phenomena take their places in patchwork fashion around them and thousands of kilometers of desolate unexplored lands fill the gaps in between You could wander here for a year and not run into a soul if you were well prepared or you could skirt between desert ocean and river excursions There s plenty of history and culture surrounding every settlement too providing for a well rounded adventure experience that delves deep into a very unique blend of environments With more than 63 national parks bushwalking is the number one activity followed closely by four

wheel drive adventures The entire state is edged by the ocean with magnificent reefs around the center so diving and snorkeling boating windsurfing and other watersports are all possibilities Historic cultural excursions take place in the center and the far north Aboriginal lands while modern encounters might have you wine tasting through the southwest Margaret River vineyards You can cycle around the coast rock climb and abseil in the rugged mountains explore caves in the central region camel trek in the desert kayak the southern rivers dive and snorkel along remote reefs and surf chic Perth swells or lonely Pacific bays The possibilities are as endless as the land for the state is only just being chiseled into a major adventure destination and it s a place where you truly have the chance to trail blaze get lost and discover something entirely new about the world and your own character within it *Australia* Phil Jarratt,1987 **Australia** ,1988 The Bird Observer ,2001 Saveur ,2004 National Geographic Traveler: Australia Roff Martin Smith,2005 A popular series of guidebooks for the modern day traveler offering information on cities and countries around the world continues presenting up to date backgrounds and descriptions detailed maps hundreds of photographs and much more including walking and driving tours visitor information directories and cultural sidebars *The National Geographic Traveler* ,1999 **Australia** Margo Daly,Anne Dehne,David Leffman,Chris Scott,1995 The second edition of this guide to every town and city in Australia with reviews of the best places to eat drink and sleep in all regions information on exploring the great outdoors and background on a range of subjects from Aboriginal issues to Australian cinema **Successful Meetings** ,1992
