Modern Slavery Guido Cuyvers, 2023-11-26 Slavery is a phenomenon that appears to interfere with neither the daily lives of most people nor with their contemporary worlds For many the term slavery is reminiscent of black slaves on their journey to America or perhaps of slaves in ancient Rome or Greece And yet despite the fact that slavery had formally been abolished at the end of the nineteenth century in most countries it still remains an inherent part of modern life In 2023 it still consists of a large group of people For more than 50 million individuals worldwide freedom does not exist People are still being exploited and traded as commodities In the first place this issue concerns people who end up working as slave labour in all economic branches including clothing fishing agriculture construction transport and catering industries This form of slavery has many connections to Western companies and often it actually occurs in Western countries In addition in all European countries the sex industry makes abundant use of so called sex slaves This book will give you a glimpse of what slavery looks like today

Institutions and Organizations as Learning Environments for Participation and Democracy Reingard Spannring, Wilfried Smidt, Christine Unterrainer, 2023-01-01 This book discusses opportunities and limitations to democratic participation in institutions and organizations across the life course It

demonstrates that democratic participation is not something that is learned once and for all and applied in formal political settings but something that is lived every day throughout life in various contexts Institutions and organizations frame human lives and strongly determine the ability to participate and co determine their communities They are places for learning deliberation and the development of the common good The book conceptually and empirically analyses the potential of democratic participation within various institutions The contributions range from early childhood institutions schools youth programs workplaces and vocational education to cultural organizations and nursing homes for the elderly The book thereby provides a cross sectional and interdisciplinary knowledge base to inspire future research and practical efforts to promote democratic participation within and across institutions around the world

The Sublime in the Visual Culture of the Seventeenth-Century Dutch Republic Stijn Bussels, Bram Van Oostveldt, 2023-11-07 Contrary to what Kant believed about the Dutch and their visual culture as being of an orderly and diligent position and thus having no feeling for the sublime this book argues that the sublime played an important role in seventeenth century Dutch visual culture By looking at different visualizations of exceptional heights divine presence political grandeur extreme violence and extraordinary artifacts the authors demonstrate how viewers were confronted with the sublime which evoked in them a combination of contrasting feelings of awe and fear attraction and repulsion In studying seventeenth century Dutch visual culture through the lens of notions of the sublime we can move beyond the traditional and still widespread views on Dutch art as the ultimate representation of everyday life and the expression of a prosperous society in terms of calmness neatness and order The book will be of interest to scholars working in art history visual culture architectural history and cultural history The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 International license Funded by Ghent University

Widerstand im deutschen und niederländischen Spielfilm Tobias

Temming, 2016-03-21 Welche Rolle spielen Spielfilme für unsere Vorstellungen von Geschichte? Welche Interessen stehen dahinter? Am Beispiel niederländischer und deutscher Widerstandsspielfilme zeigt der Autor, wie und warum es diesen lange unterschätzten Filmen gelang, den in der öffentlichen Erinnerungskultur beider Länder etablierten Narrativen konkurrierende Interpretationen von Geschichte gegenüberzustellen. Umfangreiche neue Quellenfunde zur Produktions- und Rezeptionsgeschichte rücken die bisherige Forschung zu den behandelten Filmen in ein neues Licht. Im Rahmen eines interdisziplinären Forschungsdesigns zeigt die vergleichende Studie, wie sehr vor allem die lange als Rehabilitationsfilme diskreditierten bundesdeutschen Widerstandsfilme durchaus gesellschaftlichen Zündstoff enthielten. Damit durchbrachen sie stellenweise die erinnerungskulturelle Windstille der 1950er Jahre und lieferten einen Beitrag zur Neuverhandlung etablierter Geschichtsbilder.

The Artistic Sphere Roger D. Henderson, Marleen Hengelaar-Rookmaaker, 2024-01-02

The Neo Calvinist tradition is well equipped to offer wisdom on the arts to the whole body of Christ. Edited by art scholar Roger Henderson and Marleen Hengelaar Rookmaaker, daughter of Hans Rookmaaker, this volume brings together history, philosophy, and theology to consider the relationship between the arts and the Neo Calvinist tradition.
