Neil Gaiman And Philosophy Neil Gaiman And Philosophy:

Neil Gaiman and Philosophy Tracy Lyn Bealer, Rachel Luria, Wayne Yuen, 2012 Explores philosophical ideas in the works of Neil Gaiman including American Gods Coraline The Graveyard Book and Neverwhere

Rick and Morty and Philosophy Lester C. Abesamis, Wayne Yuen, 2019-02-05 The adult oriented science fiction cartoon series Rick and Morty shown on Cartoon Network as part of its late night Adult Swim feature is famous for its nihilistic anti hero Rick Sanchez Rick is a character who rejects God religion and meaning but who embraces science and technology This leads to a popular show that often presents a world view favorable to science and dismissive of spirituality It is existentialism mashed up with absurdism with a healthy or unhealthy dose of dick jokes thrown in Rick and Morty and Philosophy focuses on the philosophical underpinnings of the show The authors explain and develop ideas that are mentioned or illustrated in various episodes so that fans can get really solid evidence for what they know already this show is awesome and deep Rick has access to technology that allows him to jump between dimensions or realities He brings his grandson Morty along with him on these adventures often putting Morty in mortal danger However Rick s attitude is that there are an infinite number of Mortys in the multiverse so if his Morty dies he can always replace his Morty with another Morty from a different dimension One question that arises is are these Mortys really identical to each other And if one of them dies can he really be replaced without loss Another character in the show is Jerry the husband of Rick s daughter Jerry is a complete and total loser with no self respect desperate to get any kind of respect from others Why is it so important that he has self respect How does his lack of self respect affect those around him In one adventure Jerry finds himself in a position where he can save one of the greatest civil rights leaders in the universe whose heart is failing Jerry can save his life by donating his penis which is the perfect organ to match the alien s failing heart Does Jerry have a moral obligation to do so Recently ethicists such as Peter Singer and Julian Savulescu have argued that people have a moral obligation to donate a kidney to people who need one Why wouldn t the same apply to Jerry s penis Is such a donation above and beyond a moral obligation and consequently optional or is it a basic moral obligation and therefore required as noted ethicists like Singer and Savulescu suggest This volume also includes chapters that examine the experience of watching Rick and Morty One writer argues that many of the Rick and Morty episodes induce within viewers a state of Socratic aporia or confusion Viewers are forced to reflect on their own moral beliefs about the world when characters do something that seems good but results in horrendous consequences

[The Wire and Philosophy](#) David Bzdak, Joanna Crosby, Seth Vannatta, 2013-05-20 By many accounts HBO s The Wire was and remains the greatest and most important television drama of all time Conceived by writers David Simon and ex Baltimore homicide detective Ed Burns this five season sixty episode tour de force has raised the bar for compelling intelligent television production With each season addressing a different arena of life in the city of Baltimore and each season s narratives tapping into those from previous seasons The Wire was able to reveal the overlapping criss crossing and colliding realities that shape

if not control the people institutions and culture of the modern American city The Wire and Philosophy celebrates this show s realism as well as its intellectual and philosophical clarity Selected philosophers who are fans of The Wire tap into these conflicts and interconnections to expose the underlying philosophical issues and assumptions and pursue questions such as Can cops really tell whether they are smarter than their perps Or do they fall victim to intellectual vanity Do individuals really have free will to resist the temptations of gangs of drugs or corruption that surround them Is David Simon a modern day Marx who sees capitalism leading ultimately to its own collapse or is Baltimore s story uniquely its own Discworld and Philosophy Nicolas Michaud,2016-08-09 In Discworld unlike our own frustrating Roundworld everything makes sense The world is held up by elephants standing on the back of a swimming turtle who knows where he s going the sun goes round the world every day so it doesn t have to be very hot and things always happen because someone intends them to happen Millions of fans are addicted to Pratchett s Discworld and the interest has only intensified since Pratchett s recent death and the release of his final Discworld novel The Shepherd s Crown in September 2015 The philosophical riches of Discworld are inexhaustible yet the brave explorers of Discworld and Philosophy cover a lot of ground From discussion of Moist von Lipwig s con artistry showing the essential con of the financial system to the examination of everyone s favorite Discworld character the murderous luggage to the lawless Mac Nac Feegles and what they tell us about civil government to the character Death as he appears in several Discworld novels Discworld and Philosophy gives us an in depth treatment of Pratchett s magical universe Other chapters look at the power of Discworld s witches the moral viewpoint of the golems how William de Worde s newspaper illuminates the issue of censorship how fate and luck interact to shape our lives and why the more simple and straightforward Discworld characters are so much better at seeing the truth than those with enormous intellects but little common sense Frankenstein and Philosophy Nicolas Michaud,2013-10-15 Mary Shelley s novel Frankenstein The Modern Prometheus sparked into life a fascination with science gone awry that refuses to die From 1818 to present day Hollywood the story of Victor Frankenstein and his reanimated stitched together corpse has inspired some would say the very idea of modern science fiction and countless essays movies novels songs comic books and TV shows aiming to capture what was right wrong abominable inevitable scary or funny in this classic tale Can organic life be reanimated using electricity or genetic manipulation If so could Frankenstein s monster really teach itself to read and speak as Mary Shelley imagined Do monsters have rights or responsibilities to those who would as soon kill them What is it about music that so affects Frankenstein s monster or any of us What does Mel Brook s Frau Blucher say to contemporary eco feminism Why are some Frankenstein s flops and others historic successes Is there a true Frankenstein Why are children but not adults drawn to Shelley s monster And what is a monster anyways Frankenstein and Philosophy brings 25 philosophers to stitch together these and other questions as they apply the history of philosophy to history s greatest horror franchise Some chapters treat the Frankenstein films others the original novel and yet others the many comic books novels and modern adaptations

Together they pay tribute to perhaps the most enduring pop culture icon and the fundamental fears hopes questions and puzzles it raises

Philosophieren mit Comics und Graphic Novels Jörg Peters, Martina Peters, 2021-08-05 Der vorliegende Band liefert auf der Basis einiger in die Thematik einführender Bemerkungen der Herausgeber einen Theorie und einen Praxisteil sowie einen ergänzenden Materialteil Der Theorieteil bietet eine Einführung in die Bedeutung Chancen und Grenzen des Einsatzes von Comics und Graphic Novels im Philosophie und Ethikunterricht Im Praxisteil finden sich Beispiele für Comics und Graphic Novels die sich für den Einsatz in der Sekundarstufe I bzw der Sekundarstufe II besonders eignen Darüber hinaus werden auch Möglichkeiten vorgestellt wie Comics im Abitur eingesetzt werden können oder wie Schülerinnen und Schüler auch ohne eine zeichnerische Begabung selbst einen Comic zu einem vorgegebenen philosophischen Thema anfertigen können Der Materialteil des Bandes enthält eine Auswahl an Comics die weitere Anregungen für die Unterrichtsgestaltung bieten

Dungeons and Dragons and Philosophy Jon Cogburn, 2012-09-11 This volume will convince readers that the swift ascent of the tabletop role playing game Dungeons and Dragons to worldwide popularity in the 1970s and 1980s is the most exciting event in popular culture since the invention of the motion picture Dungeons and Dragons and Philosophy presents twenty one chapters by different writers all D D aficionados but with starkly different insights and points of view It will be appreciated by thoughtful fans of the game including both those in their thirties forties and fifties who have rediscovered the pastime they loved as teenagers and the new teenage and college student D D players who have grown up with gaming via computer and console games and are now turning to D D as a richer fuller gaming experience The book is divided into three parts The first Heroic Tier The Ethical Dungeon Crawler explores what D D has to teach us about ethics and about how results from the philosophical study of morality can enrich and transform the game itself Authors argue that it's okay to play evil characters criticize the traditional and new systems of moral alignment and from the perspective of those who love the game tackle head on the recurring worries about whether the game has problems with gender and racial stereotypes Readers of Dungeons and Dragons and Philosophy will become better players better thinkers better dungeon masters and better people Part II Paragon Tier Planes of Existence arouses a new sense of wonder about both the real world and the collaborative world game players create Authors look at such metaphysical questions as what separates magic from science how we express the inexpressible through collaborative storytelling and what the objects that populate Dungeons and Dragons worlds can teach us about the equally fantastic objects that surround us in the real world The third part Epic Tier Leveling Up is at the crossroads of philosophy and the exciting new field of Game Studies The writers investigate what makes a game a game whether D D players are artists producing works of art whether D D as one of its inventors claimed could operate entirely without rules how we can overcome the philosophical divide between game and story and what types of minds take part in D D

Philip K. Dick and Philosophy D. E. Wittkower, 2011 Science fiction writer Philip K Dick 1928 1982 is the giant imagination behind so much recent popular culture both movies directly based on his

writings such as Blade Runner based on the novel Do Androids Dream of Electric Sheep Total Recall Minority Report and The Adjustment Bureau plus cult favorites such as A Scanner Darkly Imposter Next Screeners and Paycheck and works revealing his powerful influence such as The Matrix and Inception With the much anticipated forthcoming publication in 2011 of volume 1 of Exegesis his journal of spiritual visions and paranoid investigations Dick is fast becoming a major influence in the world of popular spirituality and occult thinking In Philip K Dick and Philosophy Who Adjusts the Adjustment Bureau twenty Dick fans and professional thinkers confront the fascinating and frightening ideas raised by Dick's mind blowing fantasies Is there an alien world behind the everyday reality we experience If androids can pass as human should they be given the same consideration as humans Do psychotics have insights into a mystical reality Would knowledge of the future free us or enslave us This volume will also include Dick's short story Adjustment Team on which The Adjustment Bureau is based Philip K Dick and Philosophy explores the ideas of Philip K Dick in the same way that he did with an earnest desire to understand the truth of the world but without falsely equating earnestness with a dry seriousness Dick's work was replete with whimsical and absurdist presentations of the greatest challenges to reason and to humanity paradox futility paranoia and failure and even at his darkest times he was able to keep some perspective and humor as for example in choosing to name himself Horselover Fat in VALIS at the same time as he relates his personal religious epiphanies crises and delusions With the same earnest whimsy we approach Philip K Dick as a philosopher like ourselves one who wrote almost entirely in thought experiments and semi-fictional world building but who engaged with many of the greatest questions of philosophy throughout the Euro American tradition Philip K Dick and Philosophy has much to offer for both serious fans who have read many of his novels and stories and for those who may have just recently learned his name and realized that his work has been the inspiration for several well known and thought provoking films Most chapters start with one or more of the movies based on Dick's writing From here the authors delve deeper into the issues by bringing in philosophers perspectives and by bringing in Dick's written work The book invites the reader with a casual familiarity with Dick to get to know his work and invites the reader with little familiarity with philosophy to learn more At the same time we have new perspectives and challenging connections and interpretations for even the most hard core Dick fans even though we never speak to insiders only To maximize public interest the book prominently addresses the most widely known films as well as those with the most significant fan followings Blade Runner Total Recall Minority Report A Scanner Darkly and The Adjustment Bureau Along with these big five films a few chapters address his last novels especially VALIS which have a significant cult following of their own There are also chapters which address short stories and novels which are currently planned for adaptation Radio Free Albemuth film completed awaiting distribution The Man in the High Castle in development by Ridley Scott for BBC mini series and King of the Elves Disney planned for release in 2012 **Psych and Philosophy** Robert Arp, 2013 With many different philosophers contributing this book discusses the concepts of ethics truth justice and philosophy as demonstrated in the popular TV show

Psych Publisher s description **The Walking Dead and Philosophy** Wayne Yuen,2012 The Walking Dead is both a hugely successful comics series and a popular TV show This epic story of a zombie apocalypse is unique It focuses on the long term individual social and moral consequences of survival by small groups of humans in a world overrun by infected zombies Guns chainsaws and machetes are not enough for survival humans also need agreement on rules of conduct Can equality or fairness have any polace in the post apocalyptic world Do theft or even assault and murder become okay under desperate circumstances Who should be recognized as having political authority What about eating human flesh Should survivors have children

Jeopardy! and Philosophy Shaun P. Young,2012 Since its debut in 1964 Jeopardy has been one of America s favorite and longest running daytime quiz shows It turns the question answer format of traditional quiz shows on its head and requires contestants to pose correct questions to answers in selected categories While mining information and facts from Alchemy to Zoology Jeopardy is a uniquely intellectual erudite and challenging daytime television program Far beyond entertaining its fans with nail biting contests of knowledge memory and speed it all but requires them to participate Few people watch Jeopardy without pressing an invisible button and blurting out questions to their TV screen Because of this personal and intellectual investment most Jeopardy fans are devout Watching the show is valued as a daily ritual in which genuine intellectual skill and encyclopedic knowledge as opposed to thin Hollywood depictions such as those in Big Bang Theory or Rain Man are not only respected and placed in the spotlight but also rewarded with national prestige and prize winnings Champion Ken Jennings who contributes to this volume has won over three million dollars and remained champion seventy four times For those who embrace Jeopardy as an intellectual oasis in the arid desert of popular culture it is the geeks who shall inherit the earth Jeopardy s celebration of intellect and forward thinking is well recognized throughout popular culture and among all age groups Ken Jennings Chuck Forrest and other all time champions are near celebrities while the show itself regularly reaches out through special tournaments to different segments of American culture such as actors and musicians Celebrity Jeopardy high school and college students Teen Tournament and College Championship Jeopardy and senior citizens Senior Tournament Jeopardy Still despite its widespread respect and some might complain smug self respect neither the show nor its fans take themselves too seriously Jokes about host Alex Trebek s hair and famous parodies of Jeopardy on Saturday Night Live are as familiar as Weird Al Yankovic s MTV mainstay I Lost on Jeopardy to the tune of Our Love s in Jeopardy Don t know what I was thinkin of I guess I just wasn t too bright Well I sure hope I do better Next weekend on The Price Is Right

The Catcher in the Rye and Philosophy Keith Dromm,Heather Salter,2012-10-09 Few novels have had more influence on individuals and literary culture than J D Salinger s The Catcher in the Rye Published in 1951 and intended by Salinger for adults early drafts were published in the New Yorker and Colliers the novel quickly became championed by youth who identified with the awkwardness and alienation of the novel s protagonist Holden Caulfield Since then the book and its reclusive author have been fixtures of both popular and literary culture Catcher is perhaps the

only modern novel that is revered equally by the countless Americans whom Holden Caulfield helped through high school and puberty and literary critics such as the New Yorker's Adam Gopnik who insisted as recently as 2010 that *Catcher* is a perfect twentieth century novel. One premise of *The Catcher in the Rye* and *Philosophy* is that the ease and sincerity with which readers identify with Holden Caulfield rests on Salinger's attention to the nuances and qualities of experience in the modern world. Coupled with Salinger's deft subjective first person style, Holden comes to seem more real than any fictional character should. This and other paradoxes raised by the novel are treated by authors who find answers in philosophy, particularly in twentieth century phenomenology and existentialism, areas of philosophy that share Salinger's attention to lived as opposed to theorized experience. Holden's preoccupation with phonies along with his constant striving to interpret and judge the motives and beliefs of those around him also taps into contemporary interest in philosophical theories of justice and Harry Frankfurt's recently celebrated analysis of bullshit. Per Salinger's request, *Catcher* has never been made into a movie. One measure of the devotion and fanatical interest *Catcher* continues to inspire, however, is speculation in blogs and magazines about whether movie rights may become available in the wake of Salinger's death in 2010. These articles remain purely hypothetical, but the questions they inspire, "Who would direct?" and especially "Who would star as Holden Caulfield?" are as vivid and real as Holden himself.

Ender's Game and Philosophy D. Wittkower, Lucinda Rush, 2013-09-17 *Ender's Game* Orson Scott Card's award winning 1985 novel has been discovered and rediscovered by generations of science fiction fans, even being adopted as reading by the U.S. Marine Corps. *Ender's Game* and its sequels explore rich themes: the violence and cruelty of children, the role of empathy in war, and the balance of individual dignity and the social good, with compelling elements of a coming of age story. *Ender's Game and Philosophy* brings together over 30 philosophers to engage in wide ranging discussion on issues such as the justifiability of pre-emptive strikes, how Ender's disconnected and dispassionate violence is mirrored in today's drone warfare, whether the end of saving the species can justify the most brutal means, the justifiability of lies and deception in wartime, and how military schools produce training in virtue. The authors of *Ender's Game and Philosophy* challenge readers to confront the challenges that *Ender's Game* presents, bringing new insights to the idea of a just war, the virtues of the soldier, the nature of childhood, and the serious work of playing games.

Literary Research and British Postmodernism Bridgit McCafferty, Arianne Hartsell-Gundy, 2015-09-02 *Literary Research and British Postmodernism* is a guide for scholars that aims to connect the complex relationships between print and multimedia, technological advancements, and the influence of critical theory that converge in postwar British literature. This era is unique in that strict boundaries between fiction, nonfiction, multimedia, and print are not useful. Postmodern literature is defined by the breaking down of boundaries as a reaction to modernism and requires an innovative, multifaceted approach to research. In this guide, the authors explore these complex relationships and offer strategies for researching this new period of literature. This book takes a holistic approach to postmodern literature that recognizes the way in which digital media, film, critical

theory popular music and more traditional print sources are inextricably linked Through this approach the authors present a broad view of postmodernism that includes a wide variety of British authors writing in the last half of the twentieth century The book s definition of postmodern includes any British literature following World War II that engages issues central to postmodern theory including the social construction of gender sexuality and power the subjectivity of truth technology as a social force intertextuality metafiction post colonial narrative and fantasy This guide aims to aid researchers of postwar British literature by defining best practices for scholars conducting research in a period so broadly varied in the way it defines literature

Curb Your Enthusiasm and Philosophy Mark Ralkowski,2012 What makes Larry a monster and why doesn t he know that he s a monster This title discusses philosophical answers to these questions It also discusses the ethical and existential issues such as whether Larry is a bad apple or perhaps worth emulating

The Sopranos and Philosophy Richard Greene,Peter Vernezze,2012-03-30 This collection of essays by philosophers who are also fans does a deep probe of the Sopranos analyzing the adventures and personalities of Tony Carmella Livia and the rest of television s most irresistible mafia family for their metaphysical epistemological value theory eastern philosophical and contemporary postmodern possibilities No prior philosophical qualificationsor mob connections are required to enjoy these musings which are presented with the same vibrancy and wit that have made the show such a hit

Contemporary Fairy-Tale Magic ,2020-01-13 Contemporary Fairy Tale Magic edited by Lydia Brugu and Auba Llompart studies the impact of fairy tales on contemporary cultures from an interdisciplinary perspective with special emphasis on how literature and film are retelling classic fairy tales for modern audiences We are currently witnessing a resurgence of fairy tales and fairy tale characters and motifs in art and popular culture as well as an increasing and renewed interest in reinventing and subverting these narratives to adapt them to the expectations and needs of the contemporary public The collected essays also observe how the influence of academic disciplines like Gender Studies and current literary and cinematic trends play an important part in the revision of fairy tale plots characters and themes

Sherlock Holmes and Philosophy Josef Steiff,2011-10-11 This entertaining collection of essays shows that Sherlock Holmes sees things others don t He sees the world in a different way and by so doing allows us to see that same world and human behavior in different ways as well Oh sure there have been countless detectives who have followed in his footsteps and who seem to rival his abilities Just turn on the TV or browse the local bookshop and you ll find idiosyncratic super sleuths using forensics and reasoning to solve a whole host of crimes and misdeeds And yet no one rivals our dear dear Holmes Why does Sherlock reign even more than a century later as king Can this mystery be solved Unable to reach either Holmes or Watson or Doyle for that matter though we ve tried every medium we can think of we ve been forced to gather our own team of investigators to practice their powers of observation and perception to apply their own reasoning and methodologies to the task at hand The results I fear have led us to a number of cases that must be solved first Is Holmes simply eccentric or a sociopath Is he human or something from the holodeck Is he

as dangerous on the page as he is in person Wait does he even exist For that matter do you I fear several investigators have been forced to take a much needed holiday after wrestling with that one What is the source of his faculty of observation and facility for deduction Systematic training as Watson surmises Genetic Or is he just really lucky And is this whole logic thing compatible with emotions Are Holmes and Watson good friends or soul mates Just what is the nature of friendship Do they complete each other or just get on each other's nerves And why all the secrecy Disguises Deceptions The plot thickens What is the essence of consciousness Is the observable world subject to our intentions Why does Holmes debunk mysticism when Doyle so readily embraces it Why is Holmes our favorite drug user Our notebooks are filled with clues and dare I say answers Is there more than one way to define the concept justice Is hope necessary in the world Is boredom Play Can any thing really be understood Objectively And just what is the last unresolved mystery involving Sherlock Holmes The game that's afoot isn't just the thing being pursued but the fun to be had as well

Possibility's Parents Margaret Seyford Hrezo, Nicholas Pappas, 2019-10-23 This book links the questions people ask about why things exist why the world is the way it is and whether and how it is possible to change their society or world with the societal myths they develop and teach to answer those questions and organize and bring order to their communal lives It also is about the need for change in western societies current organizing concept classical Lockean liberalism Despite the attempts of numerous insightful political thinkers the myth of classical liberalism has developed so many cracks that it cannot be put back together again If not entirely failed it is at this point unsalvageable in its present form Never the thought of just one person the liberal model of individual religious political and economic freedom developed over hundreds of years starting with Martin Luther's dictum that every man should be his own priest Although classical liberalism means different things to different people at its most basic level this model sees human beings as individuals who exist prior to government and have rights over government and the social good That is the individual right always trumps the moral and social good and individuals have few obligations to one another unless they actively choose to undertake them *Possibility's Parents* argues that Lockean liberalism has reached the end of its logic in ways that make it unable to handle the western world's most pressing problems and that novelists whose writing includes the form and texture of myth have important insights to offer on the way forward

Dexter and Philosophy Richard Greene, George A. Reisch, Rachel Robison, 2011-04-12 What explains the huge popular following for *Dexter* currently the most watched show on cable which sympathetically depicts a serial killer driven by a cruel compulsion to brutally slay one victim after another Although *Dexter Morgan* kills only killers he is not a vigilante animated by a sense of justice but a charming psychopath animated by a lust to kill ritualistically and bloodily However his gory appetite is controlled by Harry's Code which limits his victims to those who have gotten away with murder and his job as a blood spatter expert for the Miami police department gives him the inside track on just who those legitimate targets may be In *Dexter and Philosophy* an elite team of philosophers don their rubber gloves and put *Dexter's* deeds under the microscope Since *Dexter*

is driven to ritual murder by his Dark Passenger can he be blamed for killing especially as he only murders other murderers Does Dexter fit the profile of the familiar fictional type of the superhero What part does luck play in making Dexter who he is How and why are horror and disgust turned into aesthetic pleasure for the TV viewer How essential is Dexter's emotional coldness to his lust for slicing people up Are Dexter's lies and deceptions any worse than the lies and deceptions of the non criminals around him Why does Dexter long to be a normal human being and why can't he accomplish this apparently simple goal

Decoding **Neil Gaiman And Philosophy Neil Gaiman And Philosophy**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
