A Prophet Like Moses Jeffrey Stackert, 2014 Jeffrey Stackert addresses two of the oldest and most persistent problems in biblical studies the relationship between prophecy and law in the Hebrew Bible and the utility of the Documentary Hypothesis for understanding Israelite religion These topics have in many ways dominated pentateuchal studies and the investigation of Israelite religion since the nineteenth century culminating in Julius Wellhausen's influential Prolegomena to the History of Ancient Israel Setting his inquiry against this backdrop while drawing on and extending recent developments in pentateuchal theory Stackert tackles the subject through an investigation of the different presentations of Mosaic prophecy in the four Torah sources His book shows that these texts contain a rich and longstanding debate over prophecy its relation to law and its place in Israelite religion With this argument A Prophet Like Moses demonstrates a new role for the Documentary Hypothesis in discussions of Israelite religion It also provides an opportunity for critical reflection on the history of the field of biblical studies Stackert concludes with an argument for the importance of situating biblical studies and the study of ancient Israelite religion within the larger field of religious studies rather than treating them solely or even primarily as theological disciplines

Social & Historical Approaches to the Bible Douglas Mangum, Amy Balogh, 2017-11-01 The Bible was not written and received in a historical vacuum in fact the social and historical context of the Bible illuminates key understandings that may have been otherwise missed Biblical scholars use many different approaches to uncover this context each engaging various aspects of the social and historical world of the Bible from religious ritual to scribal practice to historical event In Social Historical Approaches to the Bible you will learn how these methods developed and see how they have been used You will be introduced to the strengths and weaknesses of each method so you may understand its benefits as well as see its limitations Many of these approaches are still in use by biblical scholars today though often much changed from their earliest form as ideas were revised in light of the challenges and questions posed by further research

Exploring the Composition of the Pentateuch, Volume 2

L. S. Baker Jr., Kenneth Bergland, Felipe A. Masotti, A. Rahel Wells, 2025-11-18 While the critique of existing approaches to the composition of the Pentateuch has its place the editors of this volume argue that there is a need to formulate positive proposals based on verifiable data and logical argumentation Building on the foundation established in the preceding volume Exploring the Composition of the Pentateuch Volume 2 pursues this goal by addressing three essential questions What are key strategic areas of research that need attention In what areas can we draw conclusions And what are the limits of available relevant evidence Part 1 of this volume investigates the readability of the Pentateuch exploring narrative techniques inconsistencies and coherence Part 2 tackles issues relevant for the dating of Deuteronomy like the narrative retelling in Deut 1 3 dating based on parallels to the Loyalty Oath of Esarhaddon and deuteronomistic tribal language And part 3 focuses on issues related to the overall dating of the Pentateuch discussing empirical models comparisons with the Hazor Legal Fragments turning points in pentateuchal scholarship the direction of dependence between the legal material of the Pentateuch and the absence of Zion theology in the Pentateuch In addition to the editors the contributors include Richard E Averbeck John S Bergsma Joshua Berman Daniel I Block Mark Steven Francois Roy E Gane Richard S Hess Benjamin Kilch r Noel K Weeks

The Consuming Fire, Hebrew Edition

Liane M. Feldman, 2024-05-07 Embedded within the Bible lies a largely unknown story of the founding of early Israel and its religion interwoven with tales documenting the creation of the Torah Known as the Priestly Source the complete text has not appeared on its own in either Hebrew or English until now This edition contains for the first time the full biblical Hebrew along with a new translation annotated to guide readers through the text This translation by Liane M Feldman an authority on the text reveals the mythical foundation for the practice of sacrifice in ancient Israelite and Jewish religion Beginning with the creation of the world and ending at the edge of the Promised Land the Priestly Source offers a distinctive account from over two thousand years ago of the origins of the people

of Israel and a unique perspective on their relationship with their god Yahweh one in stark contrast to what is found when we read the Bible now

The Principles of Judaism Samuel Lebens, 2020-06-30 Samuel Lebens takes the three principles of Jewish faith as proposed by Rabbi Joseph Albo 1380 1444 in order to scrutinize and refine them with the toolkit of contemporary analytic philosophy What could it mean for a perfect being to create a world from nothing Could our world be anything more than a figment of God's imagination What is the Torah What does Judaism expect from a Messiah and what would it mean for a world to be redeemed These questions are explored in conversation with a wide array of Jewish sources and with an eye towards diverse fields of contemporary research such as cosmology philosophical logic the ontology of literature and the metaphysics of time The Principles of Judaism articulates the most fundamental axioms of Orthodox Judaism in the vernacular of contemporary philosophy

Source Criticism Joel S. Baden, 2024-05-30 Source criticism has been at the center of biblical studies for the last two centuries In that time it has produced a wide range of theories and approaches often conflicting This book provides a concise overview of the major approaches and positions in the field helping the reader understand where scholarship has been and where it currently stands and situating each major development within its broader intellectual and social context

Desert Transformations Christian Frevel, 2020-02-11 Christian Frevel brings the Book of Numbers regularly misunderstood interplay between narrative and legislative material into a new light examining its texts equally as inner biblical interpretations and tradition bound innovations The studies of this volume reveal the thematic diversity of the book against a backdrop of its literary emergence within the Pentateuch provided by publisher book jacket back cover

The God Who Acts in History Craig G. Bartholomew, 2020-01-21 Did the decisive event in the history of Israel even happen The Bible presents a living God who speaks and acts and whose speaking and acting is fundamental to his revelation of himself God's action in history may seem obvious to many Christians but modern philosophy has problematized the idea Today many theologians often use the Bible to speak of God while at best remaining agnostic about whether he has in fact acted in history Historical revelation is central to both Jewish and Christian theology Two major events in the Bible showcase divine agency the revelation at Sinai in Exodus and the incarnation of Jesus in the gospels Surprisingly there is a lack of serious theological reflection on Sinai by both Jewish and Christian scholars and those who do engage the subject often oscillate about the historicity of what occurred there Craig Bartholomew explores how the early church understood divine action looks at the philosophers who derided the idea and finally shows that the reasons for doubting the historicity of Sinai are not persuasive The God Who Acts in History provides compelling reasons for affirming that God has acted and continues to act in history

The Poetic Priestly Source Jason M. H. Gaines, 2015-12-15 Applying criteria for the identification of biblical Hebrew poetry Jason M H Gaines distinguishes a nearly complete poetic Priestly stratum in the Pentateuch Poetic P coherent in literary narrative and ideological terms from a later prose redaction Prosaic P which is fragmentary supplemental and distinct in thematic and theological concern Gaines describes the whole of the Poetic

P source and offers a Hebrew reconstruction of the document This dramatically innovative understanding of the history of the Priestly composition opens up new vistas in the study of the Pentateuch *Einleitung in das Alte Testament* Walter Hilbrands, Hendrik J. Koorevaar, 2023-03-03 Diese Einleitung zum Alten Testament herausgegeben von Hendrik Koorevaar und Walter Hilbrands beleuchtet die Hintergründe der Entstehung der Bücher des Alten Testaments und gibt Einblicke in deren Aufbau und Theologie Die Autoren gehen in der Einleitungswissenschaft neue Wege indem sie zum einen die biblischen Texte als historische Zeugnisse ernst nehmen und zum anderen ihrer Stellung und ihrer Bedeutung im Kanon des Alten Testaments hohe Bedeutung beimessen Ausgangspunkt ist das Zeugnis der alttestamentlichen Autoren und ihrer Texte selbst Die historischen und chronologischen Angaben des Alten Testaments werden ernstgenommen und in Auseinandersetzung mit dem bisherigen Forschungsstand neu bearbeitet Damit weist der historisch kanonische Ansatz mutig neue Wege jenseits eines im Geschichtsbild des 19 Jahrhunderts verhafteten Mainstreams Die allgemeinen Einleitungsfragen wie die nach der Textgestalt und der Überlieferung der Entstehung des Kanons nach Chronologie und literarischen Gattungen werden ebenso behandelt wie die speziellen Fragen zu jedem Bibelbuch also nach Autor Entstehungszeit Struktur und literarischer Einheitlichkeit des Buchs Diese Einleitung ist ein europäisches Projekt entstanden unter Mitwirkung eines Expertenteams von 32 Autoren die in Lehre und Forschung tätig sind Mit Beiträgen von Thomas B. Dozener, Andreas J. Beck, Gunnar Børgesen, Wolfgang Blum, Manfred Dreyer, Stefan Felber, Walter G. E. Harding, Raymond R. Ziegler, Carsten Ziegler *Ezra and the Second Wilderness* Philip Y. Yoo, 2017-02-10 *Ezra and the Second Wilderness* addresses the relationship between *Ezra* the *Ezra Memoir* and the Pentateuch Tracing the growth of the *Ezra Memoir* and its incorporation into *Ezra-Nehemiah* Philip Y. Yoo discusses the literary strategies utilized by some of the composers and redactors operating in the post-exilic period After the strata in *Ezra* 7:10 and *Nehemiah* 8:10 are identified what emerges as the base *Ezra Memoir* is a coherent account of *Ezra's* leadership of the exiles from Babylon over the course of a single year one that is intricately modelled on the multiple presentations of Moses and the Israelite wilderness preserved in the Pentateuch Through discussion of the detected influences, allusions and omissions between the Pentateuch and the *Ezra Memoir* Yoo shows that the *Ezra Memoir* demonstrates a close understanding of its source materials and received traditions as it constructs the Babylonian returnees as the inheritors of Torah and in turn the true and unparalleled successors of the Israelite cult This study presents the *Ezra Memoir* as a sophisticated example of biblical interpretation in the Second Temple period It also suggests that the *Ezra Memoir* has access to the Pentateuch in only its constituent parts Acknowledging not only the antiquity but also efficacy of its prototypes the *Ezra Memoir* employs a variety

of hermeneutical strategies in order to harmonize the competing claims of its authoritative sources In closing the temporal gap between these sources and its own contemporary time the Ezra Memoir grants authority to the utopic past yet also projects its own vision for the proper worship of Israel's deity

Exploring the Composition of the Pentateuch L. S. Baker Jr., Kenneth Bergland, Felipe A. Masotti, A. Rahel Wells, 2020-12-11 For many years the historical critical quest for a reconstruction of the origins and development of the Pentateuch or Hexateuch has been dominated by the documentary hypothesis the heuristic power of which has produced a consensus so strong that an interpreter who did not operate within its framework was hardly regarded as a scholar However the relentless march of research on this topic has continued to yield new and refined analyses data methodological tools and criticism In this spirit the contributions to this volume investigate new ideas about the composition of the Pentateuch arising from careful analysis of the biblical text against its ancient Near Eastern background Covering a wide spectrum of topics and diverging perspectives the chapters in this book are grouped into two parts The first is primarily concerned with the history of scholarship and alternative approaches to the development of the Pentateuch The second focuses on the exegesis of particular texts relevant to the composition of the Torah The aim of the project is to foster investigation and collegial dialogue in a spirit of humility and frankness without imposing uniformity In addition to the editors the contributors include Tiago Arrais Richard E Averbeck John S Bergsma Joshua A Berman Daniel I Block Richard Davidson Roy E Gane Duane A Garrett Richard S Hess Benjamin Kilch r Michael LeFebvre Ji Moskala and Christian Vogel

The Mythology of Eden Arthur George, Elena George, 2014-05-23 The biblical story of Adam and Eve in the Garden of Eden is a cornerstone of Western civilization yet there are still many mysteries concerning its origins and meaning In *The Mythology of Eden* Arthur and Elena George utilize new historical and archaeological discoveries to reveal how the story's author uses veiled symbolism and mythological storytelling to convey his message about the most profound questions of human existence regarding the divine life death and immortality This innovative book offers an interdisciplinary interpretation of the Eden story that delves into incorrect assumptions and brings to light details that have previously gone unnoticed *The Mythology of Eden* provides a new understanding of the story of Adam and Eve and illuminates the story's role and meaning in our modern world

Baden, Jeffrey Stackert, 2021 Features contributions from leading academics to provide students and scholars with a comprehensive survey of the field Considers key topics and issues in contemporary pentateuchal scholarship and examines the Pentateuch in its social world Investigates the history and formation of the text and its early reception Book jacket

The Invention of Judaism John J. Collins, 2017-02-14 Most people understand Judaism to be the Torah and the Torah to be Judaism However in *The Invention of Judaism* John J Collins persuasively argues this was not always the case The Torah became the touchstone for most of Judaism's adherents only in the hands of the rabbis of late antiquity For 600 years prior from the Babylonian Exile to the Roman destruction of the Second Temple there was enormous variation in the way the Torah was understood Collins

provides a comprehensive account of the role of the Torah in ancient Judaism exploring key moments in its history beginning with the formation of Deuteronomy and continuing through the Maccabean revolt and the rise of Jewish sectarianism and early Christianity

The Composition of Genesis 37 Matthew C. Genung, 2017-08-01 Genesis 37 narrates the basis of Israel's descent into Egypt. It is a chapter where literary tensions have given rise to several incompatible interpretations. Matthew C. Genung provides a fresh analysis of Genesis 37 along with a new explanation of its compositional history. The results impact the interpretation of the Joseph Story and pentateuchal criticism.

Revelation and Authority Benjamin D. Sommer, 2015-06-30 At once a study of biblical theology and modern Jewish thought, this volume describes a participatory theory of revelation as it addresses the ways biblical authors and contemporary theologians alike understand the process of revelation and hence the authority of the law. Benjamin Sommer maintains that the Pentateuch's authors intend not only to convey God's will but to express Israel's interpretation of and response to that divine will. Thus Sommer's close readings of biblical texts bolster liberal theologies of modern Judaism, especially those of Abraham Joshua Heschel and Franz Rosenzweig. This bold view of revelation puts a premium on human agency and attests to the grandeur of a God who accomplishes a providential task through the free will of the human subjects under divine authority. Yet even though the Pentateuch's authors hold diverse views of revelation, all of them regard the binding authority of the law as sacrosanct. Sommer's book demonstrates why a law-observant religious Jew can be open to discoveries about the Bible that seem nontraditional or even antireligious.
