Excerpt the Logos to which in addition to its own characteristics those of the imperfect human nature were attached. Nestorius was as strong an opponent of this Apollinaristic doctrine as any other Antiochian. Regarding his zeal in opposing it it is characteristic that he almost always named Apollinaris in the same breath with Arius and Eunomius or placed the Apollinarists and the Arians side by side. He had a right to do so for the Arians were the first who looked at the incarnation like Apollinaris in a I do not say serious but mythical light. The pre-existent son of God so was their teaching really changed into man taking the body from the virgin as his body so that he himself became the soul of this body and the subject of all experiences which are told of Jesus: he hungered, suffered, died. Hence the Arian Eudoxius expressly said that there were not in Christ two natures, the whole being one combined nature. Nestorius knew of course that Apollinaris, differing from the Arians, regarded the pre-existent Son of God following the decree of the Nicene synod as a *xoovaio*. Nestorius Friedrich Loofs, 2017-11-25 Excerpt from Nestorius And His Place in the History of Christian Doctrine Having forgotten nearly all I once knew of Syriac I examined the Syriac text with the help of various friends only in a very few places and I realize how much the ordinary use of the French translation alone is to be regarded as a defect in my lectures. I have quoted the numbers of the pages of the original Syriac text as given by Nau only in order that in this way the places where the quotations are to be found maybe more accurately indicated than by merely quoting the pages of Nau's translation. Cyril of Alexandria and the Nestorian Controversy Susan Wessel, 2004-10-28 What were the historical and cultural processes by which Cyril of Alexandria was elevated to canonical status while his opponent Nestorius bishop of

Constantinople was made into a heretic In contrast to previous scholarship Susan Wessel concludes that Cyril's success in being elevated to orthodox status was not simply a political accomplishment based on political alliances he had fashioned as opportunity arose Nor was it a dogmatic victory based on the clarity and orthodoxy of Cyril's doctrinal claims Instead it was his strategy in identifying himself with the orthodoxy of the former bishop of Alexandria Athanasius in his victory over Arianism in borrowing Athanasius' interpretive methods and in skilfully using the tropes and figures of the second sophistic that made Cyril a saint in the Greek and Coptic Orthodox Churches *Religionsgeschichte des Orients in der Zeit der Weltreligionen* Widengren, Spuler, Walter Dietrich, Fück, Leipoldt, Adam, Arberry, Gabain, Strothman, 2016-11-14 **Christian Dogmatics** Carl E. the Council of Ephesus 431 to explain his doctrine to an international audience Cyril argues for the single divine subjectivity of Christ and describes how it encompasses a full and authentic humanity in Jesus a human experience that is not overwhelmed by the divine presence but fostered and enhanced by it Christology becomes then for St Cyril a paradigm for the transfigured and redeemed life of the Christian There is an introduction to the historical and theological background of the time of the text and to St Cyril himself
