

Implementing the Standards for Mathematical Practices in the Classroom

The Standards for Mathematical Practices (SMP) are a set of eight standards that describe the mathematical practices that students should engage in when they are learning mathematics. These standards are designed to help students develop a deep understanding of mathematics and to be able to apply their knowledge to real-world situations. The SMP are organized into two categories: the Standards for Mathematical Practices and the Standards for Mathematical Content. The Standards for Mathematical Practices are the focus of this article.
