Neither Jew Nor Greek Christianity:

Neither Jew nor Greek? Judith Lieu, 2015-11-19 A ground breaking study in the formation of early Christian identity by one of the world's leading scholars In *Neither Jew Nor Greek* Judith Lieu explores the formation and shaping of early Christian identity within Judaism and within the wider Graeco Roman world in the period before 200 C E Lieu particularly examines the way that literary texts presented early Christianity She combines this with interdisciplinary historical investigation and interaction with scholarship on Judaism in late Antiquity and on the Graeco Roman world The result is a highly significant contribution to four of the key questions in current New Testament scholarship how did early Christian identity come to be formed How should we best describe and understand the processes by which the Christian movement became separate from its Jewish origins Was there anything special or different about the way women entered Judaism and early Christianity How did martyrdom contribute to the construction of early Christian identity The chapters in this volume have become classics in the study of the New Testament and for this Cornerstones edition Lieu provides a new introduction placing them within the academic debate as it is now *Neither Jew nor Greek* James D. G. Dunn, 2015 In *Christianity in the Making* James D G Dunn examines in depth the major factors that shaped first generation Christianity and beyond exploring the parting of the ways between Christianity and Judaism the Hellenization of Christianity and responses to Gnosticism He mines all the first and second century sources including the New Testament Gospels New Testament apocrypha and such church fathers as Ignatius Justin Martyr and Irenaeus showing how the Jesus tradition and the figures of James Paul Peter and John were still esteemed influences but were also the subject of intense controversy as the early church wrestled with its evolving identity **Christian Identity in the Jewish and Graeco-Roman World** Judith Lieu, 2004-05-27 Judith Lieu's study explores how a sense of being a Christian was shaped within the setting of the Jewish and Graeco Roman world By exploring this theme she reveals what made early Christianity so distinctive and separate **Gegenwart und Wirksamkeit des transzendenten Gottes in der Geschichte** Manfred Oeming, Axel Graupner 1958 2021 war Alttestamentler an der Universität Bonn Mit der hier vorgelegten Festschrift in Erinnerung an sein Wirken werden die verschiedenen Aspekte seines wissenschaftlichen Oeuvres abgebildet Mit Beiträgen von Rainer Albertz Joel S Baden Stefan Beyerle Efrat Bocher Filip apek Alexander B Ernst Heinz Josef Fabry Liora Freud Christian Frevel Gisela Fuchs Yuval Gadot Meik Gerhards Sebastian Graetz Sabine Kleiman Michael Konkel Wolfgang Kraus Peter Lampe Oded Lipschits Hermut L hr Ludwig D Morenz Manfred Oeming Martin Prudk G nter R hser Udo R tersw rden Helmut Schwier Yiftah Shalev Martin Vahrenhorst und Ulrich Zimmermann *Theology and Practice in Early Christianity* Troy W. Martin, 2020-08-12 Early Christianity did not originate in a vacuum but in a world of linguistic social religious and cultural richness and diversity The twenty two seminal essays in this volume some previously published some newly written represent almost three decades of research by Troy W Martin to understand how early Christianity developed in the ancient world The broad ranging investigations in these essays give

attention not only to the linguistic and rhetorical features of early Christian texts but also to the social philosophical physiological and medical contexts in which these texts were written The essays provide new understandings of early Christian conceptions of salvation and of the virtues of faith hope and love that characterized early Christian communities They include new medical and physiological explanations of early Christian sacraments pneumatology and eschatology and furthermore investigate early Christian communal life and practice including the veiling of women male female relationships and time keeping The essays include reception histories that describe their influence on subsequent research and place them within the context of contemporary research and scholarship Those familiar with the well trodden ground of New Testament studies will find in these essays new insights and previously unexplored comparative material for understanding early Christianity and the world in which it originated

Philo of Alexandria and the Construction of Jewishness in Early Christian Writings Jennifer Otto, 2018-04-27 Philo of Alexandria and the Construction of Jewishness in Early Christian Writings investigates portrayals of the first century philosopher and exegete Philo of Alexandria in the writings of Clement of Alexandria Origen and Eusebius It argues that early Christian invocations of Philo are best understood not as attempts simply to claim an illustrious Jew for the Christian fold but as examples of ongoing efforts to define the continuities and distinctive features of Christian beliefs and practices in relation to those of the Jews This study takes as its starting point the curious fact that none of the first three Christians to mention Philo refer to him unambiguously as a Jew Clement the first in the Christian tradition to openly cite Philo's works refers to him twice as a Pythagorean Origen who mentions Philo by name only three times makes far more frequent reference to him in the guise of an anonymous one who came before us Eusebius who invokes Philo on many more occasions than does Clement or Origen most often refers to Philo as a Hebrew These epithets construct Philo as an alternative near other to both Christians and Jews through whom ideas and practices may be imported to the former from the latter all the while establishing boundaries between the Christian and Jewish ways of life The portraits of Philo offered by each author reveal ongoing processes of difference making and difference effacing that constituted not only the construction of the Jewish other but also the Christian self

Male Circumcision and Female Bodies in Jewish and Christian Communities of Ancient Egypt Rebecca Harrocks, 2025-10-16 Rebecca Harrocks presents some of the earliest evidence of male circumcision from ancient Egypt exploring the connotations and implications for the Jewish and Christian communities of Alexandria and Egypt The relevance of male circumcision for Jewish females is evident in Hebrew scripture especially in relation to marriage procreation and parenthood but little attention has been paid to women in scholarship Harrocks addresses this oversight by considering not only what male circumcision meant for men but also what it meant for women and the female body Drawing on a range of ancient literature inscriptions art and human remains the role of male circumcision in ancient Egypt is considered as a backdrop to its practice by the Israelites who some in antiquity claimed adopted it from the Egyptians Harrocks concludes with an exploration of the changes and consequences for Jewish

customs suggested in early Christian texts especially the Pauline writings regarding the female body and a woman's interaction with her community and highlights nuances to New Perspective thought given this broader gender awareness

Jews and Christians James D. G. Dunn, 1999-04-07 This collection of learned essays helps to clarify the extent to which we can speak of the parting of the ways between Christianity and Judaism in the period spanned by two Jewish revolts against Rome Twelve internationally respected scholars carefully analyze the chief Jewish and Christian documents and traditions relating to the period drawing out their significance for the topic The result is an integrated and comprehensive study of the diverging trajectories of Judaism and early Christianity Contributors Philip S Alexander Neville Birdsall Andrew Chester James D G Dunn Martin Goodman Martin Hengel William Horbury Hermann Lichtenberger John McHugh Christopher Rowland Graham N Stanton Peter Stuhlmacher

Intercultural Theology Judith Gruber, 2017-12-04 Recent years have seen a paradigm shift in Christian self understanding In place of the eurocentric model of Christendom a new understanding is emerging of Christianity as a world movement with considerable cultural variety Concomitant with this changing self perception a new theological discipline begins to take shape which analyzes the inter and transcultural character and performance of global Christianity Intercultural Theology Judith Gruber discusses this nascent theological approach in two parts She first gives a critical analysis of its historical development in the first part of the book two theological sub disciplines of particular relevance are analysed 1 missiology and its reflection on the encounter of Western Christianity with other cultures in the context of colonialism 2 contextual theologies which focus on the particularity and dignity of the diverse cultural contexts of theological practice but fail to sufficiently integrate the universal dimension of Christianity into their theological reflections Secondly this study offers a constructive theological approach to intercultural theology It does that by bringing systematic theology into conversation with cultural studies This interdisciplinary approach adds significant complexity to existing reflections on Intercultural Theology Re reading the theological history of Christianity within the critical framework of cultural theories exposes a host of disparate and conflictive Christianities underneath its dominant master narrative and moreover it no longer allows a recourse to essentialist concepts of Christian identity with which previous approaches to Intercultural Theology have mitigated this unsettling cultural plurality of Christianity After the Cultural Turn which has made a metaphysical epistemology untenable new ways for thinking the unity and universality of Christianity have to be paved The book draws on Paul Ricoeur's and Michel Foucault's concept of the event and on Michel deCerteau's proposal of a Weak Christianity in order to develop such a post metaphysical framework which allows to conceive of the unity and universality of Christianity without concealing its cultural plurality and contingency

Christian Cornelis Bennema,Paul Joshua Bhakiaraj,2011-11-09 Indian and Christian Changing Identities in Modern India is a collection of essays from the 1st SAIACS Consultation that took place during November 2010 at SAIACS Bangalore Who am I is a question that every human needs to ask themselves In this book this question is looked at from a dual perspective Indian and Christian Can one be both Indian and Christian in the modern world Should one have a single identity or can one have multiple identities The book attempts to address these issues with clarity and conviction through sixteen articles covering areas of Biblical Studies Theology Philosophy Religion Culture and Pastoral Theology Psychology

Jewish/Christian/Queer Frederick Roden,2016-05-06 At a time when major branches of Judaism and most Christian denominations are addressing the relationship between religion and homosexuality Jewish Christian Queer offers a unique examination of the similarities between the queer intersections of Judaism and Christianity and the queer intersections of the homosexual and the religious This volume investigates three forms of queerness the rhetorical theological and the discursive dissonance at the meeting points between Christianity and Judaism the crossroads of the religious and the homosexual and the intersections of these two forms of queerness namely where the religiously queer of Jewish and Christian speech intersects with the sexually queer of religiously identified homosexual discourse Including essays on literature and literary theory Christian theology Biblical Rabbinic and Jewish studies queer theory architecture Freud gay and lesbian studies and history Jewish Christian Queer will have a truly interdisciplinary appeal **Studies on Jews and Christians in the First**

and Second Centuries Peter J. Tomson,2019-02-11 The present volume gathers up studies by Peter J Tomson written over thirty odd years that deal with ancient Jewish law and identity the teachings of Jesus the letters of Paul and the historiography of early Jews and Christians Notable subject areas are Jewish purity laws divorce law and the use of the name Jews The author also examines Jesus teachings as understood in their primary and secondary contexts the various situations Paul s highly differentiated rhetoric may have addressed and the causes contributing to the growing tension between Jews

and Christians and the so called parting of the ways [Jews and Christians - Parting Ways in the First Two Centuries CE?](#) Jens Schröter, Benjamin A. Edsall, Joseph Verheyden, 2021-08-23 The present volume is based on a conference held in October 2019 at the Faculty of Theology of Humboldt University Berlin as part of a common project of the Australian Catholic University the Katholieke Universiteit Leuven and the Humboldt University Berlin The aim is to discuss the relationships of Jews and Christians in the first two centuries CE against the background of recent debates which have called into question the image of parting ways for a description of the relationships of Judaism and Christianity in antiquity One objection raised against this metaphor is that it accentuates differences at the expense of commonalities Another critique is that this image looks from a later perspective at historical developments which can hardly be grasped with such a metaphor It is more likely that distinctions between Jews Christians Jewish Christians Christian Jews etc are more blurred than the image of parting ways allows In light of these considerations the contributions in this volume discuss the cogency of the parting of the ways model with a look at prominent early Christian writers and places and suggest more appropriate metaphors to describe the relationships of Jews and Christians in the early period [Handbook of Early Christianity](#) Anthony J. Blasi, Jean Duhaime, Paul-André Turcotte, 2002-08-27 The Christian movement emerged amidst complex social tensions power politics ethnic diversity economic stress and cultural changes Both biblical scholars and social scientists find that a social scientific study of early Christian phenomena yields fascinating results However biblical scholars are sometimes unaware of the breadth of the useful social scientific concepts and techniques and social scientists sometimes lack the most basic background in literary research methods The Handbook of Early Christianity provides a much needed overview for biblical scholars and social scientists alike Drawing on perspectives from anthropology archaeology economics history literary analysis psychology political science and sociology the Handbook shows the myriad and complementary approaches that shed light on Christianity's formation and early development Twenty seven chapters from leading scholars along with a comprehensive bibliography make this an essential reference for anyone wishing to understand the social dynamics of Christianity's birth [The Patient Ferment of the Early Church](#) Alan Kreider, 2016-03-29 How and why did the early church grow in the first four hundred years despite disincentives harassment and occasional persecution In this unique historical study veteran scholar Alan Kreider delivers the fruit of a lifetime of study as he tells the amazing story of the spread of Christianity in the Roman Empire Challenging traditional understandings Kreider contends the church grew because the virtue of patience was of central importance in the life and witness of the early Christians They wrote about patience not evangelism and reflected on prayer catechesis and worship yet the church grew not by specific strategies but by patient ferment **Christian Figural Reading and the Fashioning of Identity** David Dawson, 2002 This text offers a contribution to one of Christianity's central problems the understanding and interpretation of scripture specifically the relationship between the Old Testament and the New [Negotiating Identities](#) Anders Runesson, Cecilia Wassén, Karin

Hedner Zetterholm, Magnus Zetterholm, 2022-10-03 Covering the period from 200 BCE to 600 CE this book describes important aspects of identity formation processes within early Judaism and Christianity and shows how negotiations involving issues of ethnicity stereotyping purity commensality and institution building contributed to the forming of group identities Over time some of these Jewish group identities evolved into non Jewish Christian identities others into a rabbinic Jewish identity while yet others remained somewhere in between The contributors to this volume trace these developments in archaeological remains as well as in texts from the Qumran movement the New Testament and the reception of Paul's writings rabbinic literature and apocryphal and pseudepigraphical writings such as the Book of Dreams and the Pseudo Clementine Homilies The long timespan covered in the volume together with the combined expertise of scholars from various fields make this book a unique contribution to research on group identity Jewish and Christian identity formation the Partings of the ways between Judaism and Christianity and interactions between Jews and Christians **Jewish Ways of Following**

Jesus Edwin Keith Broadhead, 2010 In this study Edwin K Broadhead's purpose is to gather the ancient evidence of Jewish Christianity and to reconsider its impact He begins his investigation with the hypothesis that groups in antiquity who were characterized by Jewish ways of following Jesus may be vastly underrepresented misrepresented and undervalued in the ancient sources and in modern scholarship Giving a critical analysis of the evidence the author suggests that Jewish Christianity endured as an historical entity in a variety of places in different times and in diverse modes If this is true a new religious map of antiquity is required Moreover the author offers a revised context for the history of development of both Judaism and Christianity and for their relationship **Radical Martyrdom and Cosmic Conflict in Early Christianity**

Paul Middleton, 2006-08-30 Several views of martyrdom co-existed in the early Church The orthodox position generally accepted by scholars was that a Christian should choose martyrdom rather than deny the Faith but should not on any account court death Although it has been recognised that some in the early Church did seek a glorified death by giving themselves over to arrest most scholars have dismissed such acts as differing from the accepted attitude to martyrdom in the early Church Therefore instances of volitional or radical martyrdom have been largely overlooked or sidelined in scholarly investigations into the theology and origins of Christian martyrdom Paul Middleton argues that far from being a deviant strand of early Christianity radical martyrdom was a significant and widely held idealised form of devotion in the late first to early third centuries Christian martyrdom is placed within the heritage of Jewish War tradition with each martyr making an important contribution to the cosmic conflict between Satan and God Radical Martyrdom re-examines the presentation theology and origins of Christian martyrdom up to the beginning of the Decian persecutions in the light of new perspectives on the subject
