WORLD Cup Jahan Shahab, 2022-10-22 The Montevideo inauguration of FIFA World Cup in July 1930 took place with participation of only 13 countries It was 12 years after and 10 years before the

two World Wars Centuries of colonial orders had been shattered and the future was unclear Jules Rimet the head of FIFA worked hard for assembling those national teams in the cold winter season of Uruguay Ninety years later ahead of the 22nd World Cup FIFA has 211 country members of which 32 of them have qualified to send their teams to Qatar Throughout these 90 years of evolving international scenes 21 countries 5 of them twice have hosted the World Cups in contrasting circumstances Not only the global situation during one Cup had been different compared with the next but also the socioeconomic and political conditions of all the host nations have had their own particular issues As it happened in the Summer of 1974 I saw a few matches of the 10th World Cup in Munich and Frankfurt Of course I was interested in football but given the terror attacks of 1972 Olympic games in Munich as a young student of political science I became fascinated by Germany's atmospheric changes I have been to other Olympics as well as World Cups in Europe and Americas and studied the history of these two premier tournaments combined with the politics of each hosting country World Cup of Football is not the oldest international tournament but it is one of the few that through its 90 years history the transformation of world politics and sport can be studied This book is a brief review of political and sporting history of the World Cup Jahan Shahab A MIPP *Lessons To Be Learnt From The World's Great Icons's Life Experiences*. Bheki S.V. Ntshingila, 2016-11-23 The book is about the late Mr Nelson Mandela the unrepentant crusader and freedom fighter against the obnoxious apartheid regime in South Africa who became an instant toast of the entire world which is a reminder that in each person there is a seed of greatness expected to be discovered and to be used to make this world a better one for all who live in it instead of experiencing hatred and brutality What makes a person to succeed is not how bad she or he thinks but is high optimism thinking big willingness to learn from others' mistakes and life experiences There is a lot we can learn from Madiba's life experience and I don't doubt that the world is also learning something constructive or destructive from you If you are not constructive to others how would you be constructive to yourself Remember greatness is a phenomenon that could be associated with anyone with a positive mind Good better best never let it rest till your good is better and your better is best
