

The background of the book cover is a dramatic, sepia-toned illustration of a military air raid. In the foreground, a large, dark, cylindrical object, possibly a bomb or a piece of wreckage, lies on the ground. Above it, a large plume of smoke or fire rises into the sky. In the upper portion of the image, a formation of several military aircraft is seen flying across a cloudy sky. The overall tone is somber and historical.

Max Hastings

Nemesis The Battle For Japan 1944 45 By Max Hastings Oct 27 2008:

Bridging the Atomic Divide Harry J. Wray, Seishiro Sugihara, 2018-11-29 Harry Wray and Seishiro Sugihara transcend the one sided Tokyo Trial view of the war in an effort to conduct a balanced exchange on historical perception This will be of interest equally to both those inside and outside Japan who are perplexed by Japan s victimization consciousness Through this impassioned and heartfelt dialogue Wray challenges theories embraced by some Japanese who believe that the US simply used the atomic bombings to make the Soviet Union manageable in the Cold War as alleged by the Hiroshima Peace Museum and in Japanese school history textbooks They ask why it is the Japanese people don t recognize how the atomic bombings not only spared the further sacrifice of American and Japanese lives by accelerating the end of the war but also prevented a wide scale Soviet invasion of the Japanese mainland had the war continued into the latter half of 1945 While early censorship of writings about Hiroshima and Nagasaki both outright and self imposed continued through the Occupation Sugihara proposes that long after the Americans had packed up and gone home the Foreign Ministry established and nurtured a postwar paradigm which rendered open and critical discussion of war related issues such as Pearl Harbor and the atomic bombings impossible for the Japanese public It is no wonder then that Japanese attitudes towards the atomic bombings remain mired in victimization myths Uniquely Wray and Sugihara attempt to persuade the Japanese to reexamine their attitudes to Hiroshima and Nagasaki to show that the atomic bombings perversely brought a swift end to the war and helped Japan escape the act of partition which afflicted postwar Germany and remains an intractable problem in a divided Korea

The Real Tenko Mark Felton, 2010-03-10 The author of *Children of the Camps* delves into the harrowing true stories behind the TV drama the fate of women held in Japanese captivity during WWII This book details the treatment of Allied servicewomen female civilians and local women by the Japanese occupation forces including the massacres of nurses such as that at Alexandra Hospital Singapore disturbing atrocities on both Europeans and Asians and accounts of imprisonment It reveals how many ended up in Japanese hands when they should have been evacuated Also covered are the hardships of long marches and the sexual enslavement of white and native women so called Comfort Women The book is a testimony both to the callous and cruel behavior of the Japanese and to the courage and fortitude of those who suffered at their hands This well researched book has to be read UK Ministry of Defence The story of the Allied medical staff who were caught in Japan s wave of terror during the Second World War briefly follows the fate of Australian nursing survivors as they try to rebuild their shattered lives Soldier Magazine Accounts of Japanese brutality towards Allied prisoners of war are quite well known but the fate of the tens of thousands of Allied women and children who fell into their hands is not so familiar at least since memories of the TV drama *Tenko* have faded This harrowing account should go some way towards redressing that balance an important piece of work looking at an aspect of the Second World War that should not be forgotten HistoryOfWar.org

Armageddon and Paranoia Rodric Braithwaite, 2017-09-21 A gripping account of the intense rivalry between Russia

and the West from bestselling author and former diplomat Rodric Braithwaite In 1945 the atom bomb was dropped on Hiroshima Warfare was never the same again Armageddon and Paranoia relates how the power of the atom was harnessed to produce weapons capable of destroying human civilisation and what this has done to the world There are few villains in this story on both sides of the Iron Curtain dedicated scientists cracked the secrets of nature while dutiful military men planned out possible manoeuvres and politicians wrestled with intolerable decisions Patriotic citizens acquiesced to the idea that their country needed the ultimate means of defence Some protested citing the unanswerable question what end could possibly be served by such fearsome means None wanted to start a nuclear war but all were paranoid about what the other side might do The danger of annihilation by accident or design has never quite left the world As fears about who controls the nuclear codes continue to make headlines Rodric Braithwaite author of bestsellers Moscow 1941 and Afgantsy has painted a vivid and detailed portrait of this intense period in history and its terrifying implications today **The End of World War II** ,

Nemesis: the Battle for Japan, 1944-45 Max Hastings, 2007 Nemesis: The Battle for Japan, 1944-45 Max Hastings, 2009-09-17 A companion volume to his bestselling Armageddon Max Hastings account of the battle for Japan is a masterful military history **Nemesis: the Battle for Japan, 1944-45** Max Hastings, 2007 *Retribution* Max Hastings, 2009 **Retribution** Max Hastings, 2008-03-18 By the summer of 1944 it was clear that Japan s defeat was inevitable but how the drive to victory would be achieved remained unclear The ensuing drama that ended in Japan s utter devastation was acted out across the vast theater of Asia in massive clashes between army air and naval forces In recounting these extraordinary events Max Hastings draws incisive portraits of MacArthur Mao Roosevelt Churchill Stalin and other key figures of the war in the East But he is equally adept in his portrayals of the ordinary soldiers and sailors caught in the bloodiest of campaigns With its piercing and convincing analysis *Retribution* is a brilliant telling of an epic conflict from a master military historian at the height of his powers *Nemesis* , 2008
