The League of Extraordinary Gentlemen: Nemo: the roses of Berlin Alan Moore, 2013 Breaking the Frames Marc Singer, 2019-01-09 Comics studies has reached a crossroads Graphic novels have never received more attention and legitimation from scholars but new canons and new critical discourses have created tensions within a field built on the populist rhetoric of cultural studies As a result comics studies has begun to cleave into distinct camps based primarily in cultural or literary studies that attempt to dictate the boundaries of the discipline or

else resist disciplinarity itself The consequence is a growing disconnect in the ways that comics scholars talk to each other or more frequently do not talk to each other or even acknowledge each other's work Breaking the Frames Populism and Prestige in Comics Studies surveys the current state of comics scholarship interrogating its dominant schools questioning their mutual estrangement and challenging their propensity to champion the comics they study Marc Singer advocates for greater disciplinary diversity and methodological rigor in comics studies making the case for a field that can embrace more critical and oppositional perspectives Working through extended readings of some of the most acclaimed comics creators including Marjane Satrapi Alan Moore Kyle Baker and Chris Ware Singer demonstrates how comics studies can break out of the celebratory frameworks and restrictive canons that currently define the field to produce new scholarship that expands our understanding of comics and their critics *Alan Moore* Jackson Ayres,2021-03-25 A complete guide to the comics work of the writer Alan Moore this book helps readers explore one of the genre's most important compelling and subversive writers In an accessible and easy to navigate format the book covers Moore's comics career from his early work in 2000AD to his breakthrough graphic novels and his later battles with the industry Moore's major works including Watchmen V for Vendetta Saga of the Swamp Thing and Promethea Key themes and contexts from Moore's subversion of the superhero genre and metafictional techniques to his creative collaborations and battles with the industry for creator control Critical approaches to Moore's work The book includes a bibliography of critical work on Moore and discussion questions for classroom use League of Extraordinary Gentlemen , At last the original two League Of Extraordinary Gentlemen epics are collected in a single volume In this amazingly imaginative tale Allan Quatermain Mina Murray Captain Nemo Dr Henry Jekyll and Edward Hyde and Hawley Griffin the Invisible Man unite to defeat a deadly menace to London and all Britons Then one month later the skies over England are filled with flaming rockets as Mars launches the first salvo of an invasion Only our stalwart adventurers can save mother England and the Earth itself **Лига выдающихся джентльменов.
