Netanyahu Ben Kaspi, Ilan Kfir, 1998 Filled with behind the scenes stories and revelations about the youngest Israeli prime minister ever Netanyahu provides a biography of a man both loathed and admired of photos **Das System**

Netanjahu Joseph Croitoru, 2025-11-06 Benjamin Netanjahu wird von den einen glühend verehrt und unverbrüchlich unterstützt von den anderen zutiefst gehasst oder gefürchtet Spätestens seit der Internationale Strafgerichtshof einen Haftbefehl gegen ihn ausgestellt hat ist seine kontroverse Position auf der Weltbühne unübersehbar Aber wer ist dieser Mann wo kommt er her was treibt ihn an und wie hat er sein Netzwerk aus Verbündeten aufgebaut Diesen Fragen geht das Buch entlang wichtiger Stationen von Netanjahus politischem Aufstieg nach der sich von Anfang an engen Beziehungen zu einflussreichen pro israelischen Kreisen in den USA verdankte Gemeinsam mit seinem ultrarechten Vater Benzion trat Netanjahu schon in seiner Studienzeit in Boston als begabter Netzwerker und Kommunikator auf Joseph Croitoru ein profunder Kenner der Nahost Politik hat in Archiven bislang unentdeckte Unterlagen und Briefe gefunden Sie sind Schlüssel zu Ideologie und Strategien des langjährigen israelischen Ministerpräsidenten Und Croitoru zeigt wie sich Netanjahu trotz aller Proteste und Korruptionsvorwürfe seit mehr als 15 Jahren an der Macht halten kann Narcissism and Politics Jerrold M. Post, 2015 This book analyzes narcissism and politics and systematically explores the psychology of narcissism the entitlement the grandiosity and arrogance underlying insecurity the sensitivity to criticism and the hunger for acclaim illustrating different narcissistic personality features through a spectrum of international and national politicians The Political Psychology of Israeli Prime Ministers Yael S. Aronoff, 2014-05-29 This book examines leaders of the seemingly intractable conflict between Israel and its Palestinian neighbors It takes as an intellectual target of opportunity six Israeli prime ministers asking why some of them have persisted in some hard line positions but others have opted to become peacemakers This book argues that some leaders do change and above all it explains why and how such changes come about This book goes beyond arguing simply that leaders matter by analyzing how their particular belief systems and personalities can ultimately make a difference to their country's foreign policy especially toward a long standing enemy Although no hard liner can stand completely still in the face of important changes only those with ideologies that have specific components that act as obstacles to change and who have an orientation toward the past may need to be replaced for dramatic policy changes to take place God's Jury Cullen Murphy, 2013-07-25 From Cullen Murphy editor at large of Vanity Fair God's Jury is a chilling and powerful account of how the techniques used by the Spanish Inquisition created our modern world For centuries states have used their power to censor watch manipulate and punish God's Jury argues that the Inquisition the Catholic body that existed for over 700 years is not a medieval oddity but is intrinsically bound up with modernity From Vatican archives to Guantanamo Bay and the Third Reich Cullen Murphy shows how the Inquisition's techniques record keeping bureaucracy and a terrifying sense of certainty are now standard operating procedure and that the battle between private conscience and

outside forces is the central contest of the modern era Cullen Murphy is Vanity Fair's editor at large and the author of *Are We Rome* and *The Word According to Eve* He was previously the managing editor of *The Atlantic Monthly* Lucid and provocative blistering cogent and powerful A persuasive argument that we still live in the world the inquisition made a world of us and them of moral self righteousness and intellectual intolerance Sunday Times Beguiling and horrifying a book rich in stories and imaginative connections John Cornwell author of *Hitler's Pope* A grand and scary tour of inquisitorial moments racing back and forth in history from Torquemada to Dick Cheney Adam Gopnik New Yorker A dark but riveting tale told with luminous grace Michael Sandel author of *Justice* and *What Money Can't Buy* God's Jury is a reminder and we need to be constantly reminded that the most dangerous people in the world are the righteous Mark Bowden author of *Black Hawk Down* and *Guest of the Ayatollah*

The Crisis of Zionism Peter Beinart, 2012-03-27 Israel's next great crisis may come not with the Palestinians or Iran but with young American Jews A dramatic shift is taking place in Israel and America In Israel the deepening occupation of the West Bank is putting Israeli democracy at risk In the United States the refusal of major Jewish organizations to defend democracy in the Jewish state is alienating many young liberal Jews from Zionism itself In the next generation the liberal Zionist dream the dream of a state that safeguards the Jewish people and cherishes democratic ideals may die In *The Crisis of Zionism* Peter Beinart lays out in chilling detail the looming danger to Israeli democracy and the American Jewish establishment's refusal to confront it And he offers a fascinating groundbreaking portrait of the two leaders at the center of the crisis Barack Obama America's first Jewish president a man steeped in the liberalism he learned from his many Jewish friends and mentors in Chicago and Benjamin Netanyahu the Israeli prime minister who considers liberalism the Jewish people's special curse These two men embody fundamentally different visions not just of American and Israeli national interests but of the mission of the Jewish people itself Beinart concludes with provocative proposals for how the relationship between American Jews and Israel must change and with an eloquent and moving appeal for American Jews to defend the dream of a democratic Jewish state before it is too late

The Elections in Israel 2009 Michal Shamir, 2017-07-28 The elections to the 18th Knesset legislature of Israel were held on February 10 2009 almost three years after the elections to the 17th Knesset and approximately twenty months before the original date set for them to be held The elections are best understood in the context of the wars that were at each end of Ehud Olmert's government tenure corruption scandals involving the prime minister and the failure of Tzipi Livni the newly elected head of the ruling center party Kadima to form a new coalition following Olmert's resignation The election campaign of 2009 began with the resignation of Ehud Olmert in the shadow of his corruption scandals and issues of integrity and clean government This was followed by the world financial crisis which

directed attention towards the economic dimension and performance of the candidates On the face of it the campaign was cut short when military action began in Gaza Still the election was on the minds of candidates and the question of who can best ensure security prevailed in the campaign It became personalized and focused on the candidates the two candidates who had once headed the government and aspired to return Benjamin Netanyahu and Ehud Barak and the chairperson of Kadima Tzipi Livni who was running for the first time as head of a party The Elections in Israel 2009 will be of particular interest to those concerned with comparative politics and elections in an open society This volume is the latest in the series begun in 1969 *Middle East Conflicts from Ancient Egypt to the 21st Century* Spencer C. Tucker, 2015-12-14 This three volume reference work provides an up to date presentation and analysis of the U S wars of the 21st century addressing their backgrounds causes courses and consequences It serves as an indispensable resource for students seeking to understand the role of the United States in the world today Addressing the U S conflicts in Iraq Afghanistan and the Global War on Terror from the year 2001 to the present this comprehensive three volume encyclopedia covers the significant individuals key events and important places involved in these recent military events Beginning with the rise of Al Qaeda in the 1990s and the attacks on September 11 2001 and covering events through ISIS s dramatic surge in Iraq and Syria the hundreds of detailed entries also examine historical trends nations and ethnicities involved in the conflicts influential figures and organizations economic political diplomatic and cultural influences wars campaigns and battles and important weapons systems The set s A Z organization makes it an easy to use ready reference for high school and college students Perspective essays on several controversial topics such as the use of torture and the effects of the Patriot Act serve to inspire readers to apply critical thinking A detailed chronology is provided to help students place all the important events

Encyclopedia of Judaism Sara E. Karesh, Mitchell M. Hurvitz, 2005 An illustrated A to Z reference containing over 800 entries providing information on the theology people historical events institutions and movements related to the religion of Judaism Waging Peace Itamar Rabinovich, 2009-01-10 Considerably expanded to include the impact of the 2003 war in Iraq and its aftermath this new edition of Waging Peace provides a unique insight into the critical debate on the future of peace in the Middle East A former chief negotiator for Israel noted scholar diplomat Itamar Rabinovich examines the complete history of Arab Israeli relations beginning in 1948 He then gives a vivid account of the peace processes of 1992 1996 and the more dispiriting record since then His updated analysis on Iraq Ehud Barak and Ariel Sharon and on the expanding role of the United States in the Middle East sheds new light on the long and tumultuous history between Arabs and Jews As Rabinovich brings the conflict into this century he widens the scope of his proposals for achieving normalized and peaceful Arab Israeli relations While he considers the conflict between Israel and the Palestinians a classic dispute between two national movements claiming the same land Rabinovich also studies the broader political cultural and increasingly religious conflict between Israel and Arab nationalism and discusses the region in an international context Rabinovich's firsthand experiences as a negotiator and an ambassador provide an extraordinary perspective on the major players involved The result is a shrewd assessment of the past and current state of affairs as well as a hopeful look at the possibilities for a peaceful future The Jarring Road to Democratic Inclusion Aviad Rubin, Yusuf Sarfati, 2016-08-30 This edited volume brings together chapters that offer theoretically pertinent comparisons between various dimensions of Israeli and Turkish politics Each chapter covers a different aspect of state society interactions in both countries from a comparative perspective including the public role of religion political culture women rights movements religious education religious movements marriage regulation labor market inclusion and ethnic minorities Israel and Turkey share significant similarities such as state formation under nationalist ideologies familiarity with democratic governance since the 1940s strong affiliation

with the West recent resurgence of religious parties ongoing conflict with ethno national minority groups that challenge the dominant national project contemporary popular protests against the incumbent regime and recent serious erosion of democratic rights At the same time they differ on major variables such as size majority religion geopolitical location level of economic development policy towards ethnic minorities and institutional arrangements to managing the state religion relations The presence of these differences in face of common backgrounds facilitates analytically grounded comparisons in a host of dimensions Therefore employing a case oriented comparative method this book provides historically interpretative and causally analytic accounts on the politics of both societies The contributions reveal the dynamic and complex rather than one dimensional and linear nature of political processes in both settings This empirically rich and theoretically sophisticated volume should contribute to a better understanding of these two important states and no less important stimulate new directions for comparative research especially on Middle East regimes social movements and democratization **Arab**

Leaders in the Middle East and North Africa Özgür Özdamar,Sercan Canbolat,2023-08-17 The study of politics in the MENA region has traditionally been dominated by historical and case study approaches In this innovative book zg r zdamar and Sercan Canbolat instead adopt a social science based methodology to reconsider the dynamics of power and leadership in Africa and the Middle East By analysing the psychological profiles of fourteen leaders across eight countries and three non state organizations they develop a nuanced portrait of modern leadership Using this approach the authors are able to draw connections between apparently disparate political ideologies from Sunni Islamism to Shia revolutionism from secular nationalism and armed non state groups Demonstrating the previously unacknowledged commonalities and divergences in these leaders approaches zdamar and Canbolat illuminate their tactics and strategies and offer novel insights into how best to negotiate with them
