some of today's most groundbreaking comedic talents. They along with coauthors Matt Diehl and Saskia Maas document this journey in the definitive oral history *Boom*. Chicago Presents the 30 Most Important Years in Dutch History. From its stages Boom Chicago went on to launch cultural game changers like Seth Meyers, Jordan Peele, Amber Ruffin, Jason Sudeikis, Brendan Hunt, Ike Barinholtz, Kay Cannon, and Tami Sagher, and that's just a partial list. At Boom, these young upstarts honed their craft in front of unsuspecting foreign audiences and visiting dignitaries like Burt Reynolds, Run-DMC's Jam Master Jay, Dutch royalty, and the Netherlands's prime minister, all while navigating a world with legal weed and prostitution, annual holiday celebrations involving blackface cookies with weird racist names, and football that has nothing to do with the NFL. From this culture shock, this collective created a more topical, inclusive, tech-savvy humor that would become the dominant comedy style of our time.

Monumentalising Life in the Neolithic Anne Birgitte Gebaer, Lasse Sørensen, Anne Teather, António Carlos Valera, 2020-09-30 One of the principal characteristics of the European Neolithic is the development of monumentality in association with innovations in material culture and changes in subsistence from hunting and gathering to farming and pastoralism. The papers in this volume discuss the latest insights into why monumental architecture became an integral part of early farming societies in Europe and beyond. One of the topics is how we define monuments and how our arguments and recent research on temporality impacts on our interpretation of the Neolithic period. Different interpretations of Göbekli Tepe are examples of this discussion, as well as our understanding of special landmarks such as flint mines. The latest evidence on the economic and paleoenvironmental context, carbon 14 dates, as well as analytical methods are employed in illuminating the emergence of monumentalism in Neolithic Europe. Studies are taking place on a macro and micro scale in areas as diverse as Great Britain, Denmark, Sweden, Poland, Germany, the Dutch wetlands, Portugal, and Malta, involving a range of monuments from long barrows and megalithic tombs to roundels and enclosures. Transformation from a natural to a built environment by monumentalizing part of the landscape is discussed, as well as changes in megalithic architecture in relation to shifts in the social structure. An ethnographic study of megaliths in Nagaland discusses monument building as an act of social construction. Other studies look into the role of monuments as expressions of cosmology and active loci of ceremonial performances. Also, a couple of papers analyse the social processes in the transformation of society in the aftermath of the initial boom in monument construction and the related changes in subsistence and social structure in northern Europe. The aim of the publication is to explore different theories about the relationship between monumentality and the Neolithic way of life through these studies encompassing a wide range of types of monuments over vast areas of Europe and beyond.

Splintered Icon Bill Napier, 2025-08-22 As an antique map dealer in a small English town, Harry Blake appreciates the quiet life. But when a local landowner asks him to value a 400-year-old journal and is then brutally murdered twelve hours later, Harry begins to suspect he's being pulled into something sinister. What does the dusty journal contain that is a matter of life and death? Why is someone prepared to pay Harry a fortune for it? He turns to marine historian Zola Kahn to uncover the

mysteries And when they meet at the old Greenwich Observatory Harry is convinced there is more to Zola than meets the eye The trail of the journal leads him into a world of deadly Elizabethan conspiracies with a thread of history that takes him through a thousand years of religious intrigue back to the blood soaked Crusades and a long lost icon whose rediscovery has the potential to ignite a worldwide religious war Combining the thrill of a contemporary chase novel with a historical puzzle this is one novel that will leave readers gasping for breath **The Rise of the Dutch Republic** Motley,1894
