What You Don't Know Cortnie Abercrombie, 2022-03-22 You are probably not aware because of their hidden nature but Artificial Intelligence

systems are all around you affecting some of the biggest areas of your life jobs loans kids mental health relationships freedoms and even healthcare decisions that can determine if you live or die As an executive working in AI at one of the largest most sophisticated tech companies on the planet Cortnie Abercrombie saw firsthand how the corporate executives and data science teams of the Fortune 500 think about and develop AI systems This gave her a unique perspective that would result in a calling to leave her job so she could reveal to the public the sobering realities behind AI without any constraints or Public Relations candy coating from corporate America In this book she makes it easy to understand how AI works and unveils what companies are doing with AI that can impact you the most Most importantly she offers practical advice on what you can do about it today and the change you should demand for the future This book drops the hype over exaggerations and big scientific terms and addresses the pressing questions that non insiders want answered How does AI work in words you don t need a PhD to understand How can AI affect my job replace me or prevent my hire Is AI involved in life or death decisions in healthcare Could my digital accounts or home network be hacked because of my AI based Smart TV coffeemaker or robot vacuum How does AI know so much about me what does it know and can it be used against me Can it manipulate people to do things they wouldn t normally Could AI help push my teen to self harm or suicide Is fake news a real thing How can AI affect my rights and liberties Does facial recognition play a part What can I do to protect myself my kids and my grandkids What should I demand from educators lawmakers and corporations to ensure AI is used in ways that are safe fair and responsible Is AI worth having What could AI do for us in the future It s time to understand what this AI hubbub is all about and what you re going to do about it because what you don t know about AI could hurt you *Advertising* Mara

Einstein,2017-07-03 3000 That s the number of marketing messages the average American confronts on a daily basis from TV commercials magazine and newspaper print ads radio commercials pop up ads on gaming apps pre roll ads on YouTube videos and native advertising on mobile news apps These commercial messages are so pervasive that we cannot help but be affected by perpetual come ons to keeping buying Over the last decade advertising has become more devious more digital and more deceptive with an increasing number of ads designed to appear to the untrained eye to be editorial content It s easy to see why As we have become smarter at avoiding ads advertisers have become smarter about disguising them Mara Einstein exposes how our shopping political and even dating preferences are unwittingly formed by brand images and the mythologies embedded in them *Advertising What Everyone Needs to Know* helps us combat the effects of manipulative advertising and enables the reader to understand how marketing industries work in the digital age particularly in their uses and abuses of Big Data Most importantly it awakens us to advertising s subtle and not so subtle impact on our lives both as individuals and as a global society What ideas and information are being communicated to us and to what end **Value**

Stacking Ethan Rodriguez, AI,2025-03-03 Value Stacking presents a comprehensive approach to boosting sales and customer satisfaction by strategically enhancing the perceived value of your offerings This book explores how businesses can transform

their sales strategies through techniques like value layering where complementary products are bundled to amplify benefits and incentive engineering which uses carefully selected rewards to motivate purchases It also delves into perceived pricing manipulation emphasizing the importance of transparently highlighting value rather than simply manipulating costs The book uniquely integrates marketing psychology and finance principles to provide a holistic system for crafting irresistible offers By understanding consumer behavior and cognitive biases businesses can create deals that resonate with customer needs and desires For example the book shows how presenting pricing in a way that emphasizes value rather than just focusing on cost can significantly impact purchasing decisions The book begins by laying the groundwork with foundational principles of value perception and consumer behavior It then moves into the core components of value layering incentive engineering and perceived pricing manipulation providing detailed strategies and real world examples for each Finally it demonstrates how to integrate these strategies into a cohesive sales system optimizing the entire customer journey to maximize value perception and concludes with practical templates and case studies to guide implementation
