Social Movements and New Technology Victoria Carty,2018-09-03 The emergence of new communication technologies such as the Internet and social media networking sites and platforms has strongly affected social movement activism In this compelling and timely book Victoria Carty examines these movements and their uses of digital technologies within the context of social movement theory and history With an accessible and unique mix of theory and real world examples Social Movements and New Technology takes readers on a tour through MoveOn and Tea Party e mail campaigns the hacktivist tactics of Anonymous global online protests against rapists and rape culture and the tweets and Facebook pages that accompanied uprisings across the Arab world Europe and the United States In each case study the reader is invited to examine the movement organization or protest and their use of digital tools through the lens of social movement theory Discussion questions at the end of each chapter invite critical thinking further reflection and debate

Investing: The Last Liberal Art Robert G. Hagstrom,2013-01-08 Robert G Hagstrom is one of the best known authors of investment books for general audiences Turning his extensive experience as a portfolio manager at Legg Mason Capital Management into valuable guidance for professionals and nonprofessionals alike he is the author of six successful books on investment including The Warren Buffett Way a New York Times best seller that has sold more than a million copies In this updated second edition of Investing The Last Liberal Art Hagstrom explores basic and fundamental investing concepts in a range of fields outside of economics including physics biology sociology psychology philosophy and literature He discusses for instance how the theory of evolution disrupts the notion of the efficient market and how reading strategies for literature can be gainfully applied to investing research Building on Charlie Munger's famous latticework of mental models concept Hagstrom argues that it is impossible to make good investment decisions based solely on a strong knowledge of finance theory alone He reinforces his concepts with additional data and a new chapter on mathematics and updates his text throughout to reflect the developments of the past decade

particularly the seismic economic upheaval of 2008 He has also added a hundred new titles to the invaluable reading list concluding the book Praise for the first edition I read this book in one sitting I could not put it down Peter L Bernstein author of *Against the Gods The Remarkable Story of Risk* Elegant and irresistible Robert G Hagstrom makes the complex clear as he confidently crisscrosses through the disciplines of finance biology physics and literature The only way to understand investing better Investing shows is to understand the world better Ideas spark off the page at every turn This is simply a gem of a book James Surowiecki New Yorker Investing is a brisk and engaging read and it is a pleasure to be in the presence of Hagstrom s agile mind International Herald Tribune

The Global EBook Market: Current Conditions & Future Projections Ruediger Wischenbart,2013-02-11 The Global eBook Report documents and analyses how ebook markets emerge in the US UK continental Europe Brazil China India Russia and the Arab world It combines the best available data and references to specialized local actors with thematic chapters focusing on critical policy debates and on key driving forces notably ebook bestsellers and pricing strategies across European markets self publishing government regulation piracy and the expanding impact of global players The Global eBook Report is available for download from October 1st 2013 at www.globalebook.com A project of R diger Wischenbart Content and Consulting

Translating Change Ann Pattison,Stella Cragie,2022-03-30 Translating Change explores and analyses the impact of changes in society culture and language on the translation and interpreting process and product It looks at how social attitudes behaviours and values change over time how languages respond to these changes how these changes are reflected in the processing and production of translations and how technological change and economic uncertainty in the wake of events such as the COVID 19 pandemic and Brexit affect the translation market The authors examine trends in language change in English French German Italian and Spanish The highly topical approach to social cultural and language change is predominantly synchronic and pragmatic based on tracking and analysing language changes and trends as they have developed and continue to do so This is combined with an innovative section on developing transferable translation related skills including writing and rewriting editing abstracting transcreation and summary writing in view of a perceived need to expand the skills portfolio of translators in a changing market and at the same time to maximise translation quality Each chapter features Pause for Thought activity boxes to encourage active reader participation or reflection With exercises discussion questions guided further reading throughout and a glossary of key terms this innovative textbook is key reading for both students and translators or interpreters in training and in practice

Accounting: Business Reporting for Decision Making, 9th Edition Jacqueline Birt,Keryn Chalmers,Suzanne Maloney,Albie Brooks,David Bond,Judy Oliver,2025-11-24 Birt s Accounting Business Reporting for Decision Making 9th Edition is the market leading text for core accounting units in business and commerce degrees specifically designed for first year students across all business disciplines including marketing and HRM What sets this text apart is its focus on the connection between accounting and business decision making presented from a management and

stakeholder perspective rather than a technical accounting view
