Third Series** Library of Congress. Copyright Office, 1977 **One Bad Mother** Megan Williams, 2024-09-03 After her six year old daughter puts a hammer through a wall Megan Williams decides to abandon a career as an academic and become a police officer It's not lost on her that she may have applied to the Police Academy to escape the realities of mothering twins born via IVF at twenty nine weeks As the twins grow and test her endlessly she feels she is failing She needs a win During a grueling application process Megan measures herself against the other candidates and confronts the normative notions of what it is to be a good mother The paralyzing fear that she is a bad mother looms large in her head as does the real possibility that she might not make the cut at the Academy With its intertwined narratives of police recruitment and motherhood the memoir provides an unflinching journalistic view of big city law enforcement set atop a personal journey during which Megan learns gratitude and makes peace with a motherhood far different from the dream sold to her by our culture **Female Fans of the NFL** Anne Cunningham Osborne, Danielle Sarver Coombs, 2015-09-16 In the past sport particularly football has been defined as a male domain Women's interest stereotypically ranges from gentle tolerance to active resistance But increasingly women are proudly identifying themselves as supporters of their teams and have become highly desirable audiences for sport organizations and merchandisers Football provides a unique site at which to examine the complex interplay between three

theoretical areas identity formation and maintenance commercialization of cultural practices and gender hegemony This book explores how women experience their fandom and what barriers exist for the female fan      **Chasing the Ghost Bear** Mike Stark,2022-04 Part natural history part travelogue and part meditation on extinction and loss Chasing the Ghost Bear is a journey into the giant short faced bear s enigmatic story life disappearance and rediscovery and those trying to piece it together today      **iPhone UK: The Missing Manual** David Pogue,2010-10-27 With multitasking and more than a 100 other new features iPhone 4 0 is a real treat cooked up with Apple s traditional secret sauce of simplicity intelligence and whimsy iPhone UK The Missing Manual gives you a guided tour of everything the new iPhone has to offer with lots of tips tricks and surprises Learn how to make calls and play songs by voice control take great photos keep track of your schedule and much more with complete step by step instructions and crystal clear explanations by iPhone master David Pogue Whether you have a brand new iPhone or want to update an earlier model with the iPhone 4 0 software this beautiful full colour book is the best most objective resource available Use it as a phone learn the basics as well as time saving tricks and tips for contact searching texting and more Treat it as an iPod master the ins and outs of iTunes and listen to music upload and view photos and fill the iPhone with TV shows and films Take the iPhone online make the most of your online experience to browse the Web read and compose email use social networks or send photos and audio files Go beyond the iPhone learn how to use the App Store and how to multitask between your apps organize them in folders and read ebooks in iBooksUnlock the full potential of your iPhone with the book that should have been in the box      **Hands-On APIs for AI and Data Science** Ryan Day,2025-03-04 Are you ready to grow your skills in AI and data science A great place to start is learning to build and use APIs in real world data and AI projects API skills have become essential for AI and data science success because they are used in a variety of ways in these fields With this practical book data scientists and software developers will gain hands on experience developing and using APIs with the Python programming language and popular frameworks like FastAPI and StreamLit As you complete the chapters in the book you ll be creating portfolio projects that teach you how to Design APIs that data scientists and AIs love Develop APIs using Python and FastAPI Deploy APIs using multiple cloud providers Create data science projects such as visualizations and models using APIs as a data source Access APIs using generative AI and LLMs      *A Supremely Bad Idea* Luke Dempsey,2011-01-15 It began with a weekend house then weekend trips Then the occasional meeting rearranged in favor of a morning in Central Park just while the spring migration was on Before Luke Dempsey knew it he had spiraled down into full on birding mania finding himself riding along with two like minded maniacs in a series of disreputable rental cars and even nastier motel rooms charging madly around the country in search of its rarest and most beautiful birds A Supremely Bad Idea is the story of that search and those birds and those maniacs and that country and to a much lesser extent those rental cars In Texas the three obsessives go in search of the deeply endangered Golden cheeked Warbler which lives on the side of a hill near a waterfall in Michigan they see the pretty much extinct Kirtland s

Warbler which insists on short pine trees for nesting and lots of quiet please in Arizona they see the very private Elegant Trogon after a very public fight with a birding guide Along the way Dempsey narrates an amazing sequence of encounters with nature and humanity including a man building a 40 foot ark in his Seattle backyard a beautiful woman who shows him how to kill 4 000 Cowbirds a year a coyote and his human smuggler on the Rio Grande and everywhere these incandescent birds flitting across the range of his binoculars and his heart With the casual erudition of a Bill Bryson and the comic timing of a British David Sedaris Dempsey demonstrates why so many millions of birders care so much about birds and why perhaps the rest of us should too
