Age of Big Data Viktor Mayer-Schonberger,Thomas Range,2018-02-22 Markets have long been acknowledged to be a superior mechanism for managing resources but until the advent of big data they largely functioned better in theory than in practice Now as ideal markets are within reach because of vastly greater access to information we are on the verge of a major disruption As data becomes a more valuable asset than cash the rules for surviving and thriving are changing *Reinventing Capitalism* is a provocative look at how data is reinventing markets and in so doing is ushering in an era where the firm is no longer predominant With richer and more comprehensive information about human wants and needs an economy powered by data offers the possibility of increased abundance equality and resilience The data driven markets that will thrive in this environment are far better than firms at organizing human endeavors meaning that finance driven capitalism is being displaced by its more efficient moresustainable and more democratic disruptor data capitalism

Unapologetic Expression André Marmot, 2024-04-30 A CLASH MUSIC BOOK OF THE YEAR 2024 A lively subversive history of the new UK jazz wave encapsulating its revolutionary spirit and tracing its foundations to birth of the genre itself Not solely a book about jazz or even a nascent cultural shift it s a record of a pivotal moment in UK history BIG ISSUE By the end of the last century jazz music was considered by many to be obsolete and uncool a genre appreciated only by out of touch white men with deeply questionable taste And yet by 2019 a new generation of UK jazz musicians was selling out major venues and appearing on festival line ups around the world How has UK jazz rehabilitated its image so totally in twenty five years And how did it ever become uncool in the first place Reaching back to the roots of jazz as the unapologetic expression of oppressed peoples shaped by the forces of slavery imperialism and globalisation Andre Marmot places this new wave within the wider context of a divided postcolonial Britain navigating its identity in a new world order These artists have crafted a sound which reflects the nation as it is today a sound connected to the very origins of jazz itself Drawing on eighty six interviews with key architects of this jazz renaissance and those who came before them from Shabaka Hutchings Nubya Garcia and Moses Boyd to Gilles Peterson Courtney Pine and Cleveland Watkiss Unapologetic Expression captures the radical spirit of a vital British musical movement A breathless run through of an inspiring era in British music Unapologetic Expression contains deft character sketches and vivid memories pausing to nail ineffable moments from recording sessions and gigs Andre Marmot s role as an insider grants the book a degree of intimacy other writers may have lacked CLASH
