Windows Me Clear & Simple P K McBride, 2001-01-04 Windows Me Clear Simple will provide everything the novice needs to know to start using Windows Me efficiently. It is based on the existing and successful Windows 98 Clear Simple with new material on video and multimedia and on simple networking to reflect the improvements in the software. Windows Me Millennium Edition is the latest version of Microsoft's operating system for the home market. It is essentially an upgraded edition of Windows 98 with new multimedia facilities, improved hardware management, simpler networking, and amended Internet software. PC manufacturers are selling Windows Me PCs beginning in September 2000, initially alongside Windows 98 PCs but gradually replacing them. Introduces new computer users to Windows software. Offers lots of tips and illustrated suggestions. Provides the intelligent person's approach to PCs.

Creating Web Pages For Dummies Bud E. Smith, Arthur Bebak, 2000-07-28 The Web is the most sophisticated, most open, and simplest publishing medium ever created: an endless set of crisscrossing interconnections between an ever-growing number of points and a community in the truest sense of the word. Your Web page can be your platform to say or show whatever you want to the millions of people with access to the global Internet. You can talk about yourself or your business. You can publish a short story or a collection of jokes. You can show pictures of your dog or of your company's latest product. Your own imagination is the only limit to what you can put on the Web. If you've used the Web before and you're now ready to step out into the big wide online world with your own page.

Creating Web Pages For Dummies 6th Edition is the place where you can nudge your wishes into reality. Without any previous experience or painful technical instructions, you can get on track to Tackling just enough HTML to format with the best of 'em. Incorporating graphics, sound, and video into your pages. Providing links to other sites. Putting to good use Web publishing tools that can relieve your workload. Designing and delivering pages that people will want to revisit. Informative, educational, and just plain fun. *Creating Web Pages For Dummies* 6th Edition covers Web page topics from beginning through intermediate levels, including how to Put together a Web publishing plan. Use half a dozen different tools. Publish a Web page via Web-based services and the major online services. Expand your page to a full Web site. Add interactive features and invite feedback. Keep your page current and in good working order. The revised and updated content in this edition also features the latest on building AOL and GeoCities pages, plus insight into adding the multimedia features that'll amaze your visitors. The book includes a CD-ROM that's loaded with a variety of PC and Macintosh programs and demos, all the more for smooth sailing into having your own place on the Web.

Baseball Hacks Joseph Adler, 2006-01-31 Baseball Hacks isn't your typical baseball book; it's a book about how to watch, research, and understand baseball. It's an instruction manual for the free baseball databases. It's a cookbook for baseball research. Every part of this book is designed to teach baseball fans how to do something. In short, it's a how-to book, one that will increase your enjoyment and knowledge of the game. So much of the way baseball is played today hinges upon interpreting statistical data. Players are acquired based on their performance in

statistical categories that ownership deems most important Managers make in game decisions based not on instincts but on probability how a particular batter might fare against left handed pitching for instance The goal of this unique book is to show fans all the baseball related stuff that they can do for free or close to free Just as open source projects have made great software freely available collaborative projects such as Retrosheet and Baseball DataBank have made great data freely available You can use these data sources to research your favorite players win your fantasy league or appreciate the game of baseball even more than you do now Baseball Hacks shows how easy it is to get data process it and use it to truly understand baseball The book lists a number of sources for current and historical baseball data and explains how to load it into a database for analysis It then introduces several powerful statistical tools for understanding data and forecasting results For the uninitiated baseball fan author Joseph Adler walks readers through the core statistical categories for hitters batting average on base percentage etc pitchers earned run average strikeout to walk ratio etc and fielders putouts errors etc He then extrapolates upon these numbers to examine more advanced data groups like career averages team stats season by season comparisons and more Whether you re a mathematician scientist or season ticket holder to your favorite team Baseball Hacks is sure to have something for you Advance praise for Baseball Hacks Baseball Hacks is the best book ever written for understanding and practicing baseball analytics A must read for baseball professionals and enthusiasts alike Ari Kaplan database consultant to the Montreal Expos San Diego Padres and Baltimore Orioles The game was born in the 19th century but the passion for its analysis continues to grow into the 21st In Baseball Hacks Joe Adler not only demonstrates that the latest data mining technologies have useful application to the study of baseball statistics he also teaches the reader how to do the analysis himself arming the dedicated baseball fan with tools to take his understanding of the game to a higher level Mark E Johnson Ph D Founder SportMetrika Inc and Baseball Analyst for the 2004 St Louis Cardinals
