The Power of Ethics Susan Liautaud, 2021-01-05 The essential guide for ethical decision making in the 21st century The Power of Ethics depicts ethical decision making not in a nebulous philosophical space but at the point where the rubber meets the road Michael Schur producer and creator of The Good Place It's not your imagination we're living in a time of moral decline Publicly we're bombarded with reports of government leaders acting against the welfare of their constituents companies prioritizing profits over health safety and our best interests and technology posing risks to society with few or no repercussions for those responsible Personally we may be conflicted about how much privacy to afford our children on the internet how to make informed choices about our purchases and the companies we buy from or how to handle misconduct we witness at home and at work How do we find a way forward Today's ethical challenges are increasingly gray often without a clear right or wrong solution causing us to teeter on the edge of effective decision making With concentrated power structures rapid advances in technology and insufficient regulation to protect citizens and consumers ethics are harder to understand than ever But in The Power of Ethics Susan Liautaud shows how ethics can be used to create a sea change of positive decisions that can ripple outward to our families communities workplaces and the wider world offering unprecedented opportunity for good Drawing on two decades as an ethics advisor guiding corporations and leaders academic institutions nonprofit organizations and students in her Stanford University ethics courses Susan Liautaud provides clarity to blurry ethical questions walking you through a straightforward four step process for ethical decision making you can use every day Liautaud also explains the six forces driving virtually every ethical choice we face Exploring some of today's most challenging ethics dilemmas and showing you how to develop a clear point of view speak out with authority make effective

decisions and contribute to a more ethical world for yourself and others The Power of Ethics is the must have ethics guide for the 21st century

12 Days of Christmas Paul Michael Toth,2022-08-01 Twelve days before Christmas the angel Gabriel is sent to a family the Hopewells who live at 1222 Baker Street And after he touches the lights of their Christmas tree this family of six Paul Julia Alexander Brandon Catherine and little Dasha experience a season that none of them could have ever imagined In the following eleven days prior to Christmas they and their friends Carter and Carrie Covington Samantha and Vic Welhausen David Livingston Aubrey Murphy and Jack Winter are amazed and entertained as the ornaments on the Hopewell tree become animated What first begins as entertainment eventually educates them to the fact they have been called to a heavenly mission a mission in which Lucifer will try his very best to thwart Come along with the Hopewell family and their friends as they learn what it means to encounter the forces of hell and watch how the heaven s army protects this tiny group Though Satan tries his best to keep this group cloaked in darkness the light of understanding slowly ascends on Paul his family and his friends All the darkness they experience being trapped in a burning house buried in the snow along a lonely highway immersed in a volcanic cloud of ash and more will only serve as background to the light that is slowly dawning Light will win out While 12 Days of Christmas Light Ascending is fiction it forces you to think about the reality that you live in today
