teenage hockey phenomenon is changing the city's fortunes. Once known as the City of Champions, Edmonton is at a crossroads. As oil prices continue to plummet, the economic outlook grows bleaker by the day. Political changes have ushered in an era of uncertainty. And as though mirroring the city's fortunes, the Edmonton Oilers continue to struggle on the ice, offering little solace or escape to the city's long-suffering hockey fans. But on June 26, 2015, hope was reborn in Edmonton. With the first overall pick in the NHL Entry Draft, the Edmonton Oilers selected Connor McDavid, a once-in-a-generation talent who at only eighteen years old was already being compared to the Great One who had preceded him twenty-five years earlier. Sparked by the arrival of McDavid, the construction of a new state-of-the-art hockey arena and the development of a revitalized downtown core, a new sensibility began to emerge in Edmonton. Sensing an opportunity, the city started to rebuild and rebrand itself in search of a new future. Through exclusive access, uplifting anecdotes, and colourful interviews, *The McDavid Effect* traces the renewal of not just a hockey team but of an entire city. Reflecting the multitude of viewpoints that make up Edmonton, from Connor himself to construction crews at work on the downtown development to business executives directing the new shape of the Albertan capital, *The McDavid Effect* paints a portrait of the city as it is being reimagined, capturing the near-religious reverence people have for sports and showing how the people of Edmonton are coming to hope again.

Hockey Tonk Craig Leipold, 2008-07-13. Hard-hitting nonstop action and that's just what happens off the ice. Hockey is the fastest of all team sports, an emotional, exhilarating and highly entertaining blend of speed, finesse, intensity and bone-crunching physical impact. And the NHL's Nashville Predators are in every respect a team to watch. But the story leading up to and through the Predators' triumphant first season is every bit as exciting as the game itself. *Hockey Tonk* tells of one man's dream of bringing a pro team to a city best known for its music industry. The journey from that dream to its fulfillment in an arena filled with 17,000 screaming fans is a story of vision, passion, hard work, perseverance and commitment to long-term success. It's a story of teamwork and hard-nosed competition both on and off the ice. Just a few short years ago, the majority of Nashville, Tennessee, didn't know the difference between a blue line and a line dance. But now, Music City has become a pro sports town thanks to a fiercely competitive hockey team, its business and community-minded front office and fan support that, according to *USA Today*, is second to none.

The Awesome Game Dave Hill, 2023-10-17. One man's search to answer the ultimate question in sports: Why is hockey so incredibly awesome? DAVE HILL, author, actor, rock musician and stand-up comedian, is an outstanding American. One thing that makes him stand out is that he's part Canadian, an advantage he explored in his previous book *Parking the Moose*. Another is that he's obsessed with hockey. That makes him one of only five percent of Americans who've declared they like hockey more than any other sport. Unbelievable but true. In *The Awesome Game*, Dave tackles this mind-blowing conundrum with full force, drilling down into what makes hockey so vitally important in so many parts of the world despite the average American not recognizing its preeminent greatness. His search for the very soul of hockey takes him across the globe, from Canada, of course, to Poland, Kenya, even New York, to observe on-ice action.

mingle with fans and interrogate some of the sport's greatest players and pundits The Awesome Game is bursting with passion expert in its analysis and as deeply entertaining as the game itself but funnier
