Science Experiments Compare Returns:

Returning to Scientific Practice Xu Zhu, Wu Tong, 2019-05-17 This book is a result from a collective study on philosophy of scientific practice PSP which began around 2002 and still ongoing There is an apparently increasing interest in scientific practice influenced by the historicistic philosophy of science and the sociology of scientific knowledge SSK Prof WU Tong and his research group believe that it is necessary for PSP to turn from the theory dominant position to the practice dominance PSP has also put forward the possibility of reinterpreting the epistemic status of local knowledge in Chinese tradition which provides the most significant motivation to participate this study In this book we have selected three main cases namely Chinese medicine Fengshui and Ethnobotany to examine the effect of PSP The aim of our collective study is not merely on theoretical construction of PSP but also to consider the various applications of PSP especially for re interpreting and demonstrating the variety of local knowledge from traditional China which seems to be a genuine contribution to the international enterprise of philosophy of science particularly made by Chinese scholars **Special Scientific Report** ,1955

Return Ian Houston,2024-02-09 It is the year 2312 and the City covers most of the planet Street kid David North is a Super but his power moving strings wires and similar things with his mind isn't entirely under his control During a violent altercation with one of the City's notorious gangs he is saved from near death by a couple of Super teenagers who are students of an underground scientific research and training facility called Project Arete David immediately feels a curious connection with one of his saviors Sarah a young woman with glowing green bionic eyes During his recovery at Project Arete's hospital David is given the opportunity to join PA and warily he takes it Perhaps there finally off the City's streets he could learn more about his power and how to control it and more about Sarah But there is someone who doesn't want David to get too close to her And even though he is making lasting friendships as David spends more time at PA he discovers things are not exactly what they seem An ancient mystery is slowly unfurling and when David finds himself caught up in a 3000 year old betrayal he must confront impossible choices to protect the ones he loves But will his choices doom them all to repeat the mistakes of the ancient past The first book in the action packed Keystone Trilogy *Return* takes you deep inside a world where no choice is easy no answer is the right one and every step you take comes with great responsibility

The Return of Vaman - A Scientific Novel Jayant V. Narlikar,2015-05-12 This collection of science fiction writings by Jayant V Narlikar offers readers a unique glimpse into the world famous Indian astrophysicist's vivid and highly imaginative concepts and stories The fictional material comprises a witty short story The rare idol of Ganesha that cleverly explores the possible consequences of a mirror symmetric individual in the context of cricket test match performances as well as the fast paced gripping science fiction thriller The return of Vaman when an alien container is unearthed by a crew of scientists the enormous potential technological applications of its contents bring various criminal elements on the scene but when the real danger becomes apparent it is almost too late to save humanity Last but not least the book provides readers with extensive insights into the genesis and scientific background of the fictional material presented in this volume along with an autobiographical account of the author's life long interest in science fiction and his

contributions to the genre About the author Jayant V Narlikar is internationally known for his work in cosmology in particular for championing models alternative to the standard big bang theory He was president of the cosmology commission of the International Astronomical Union from 1994 to 1997 He has received several national and international awards and honorary doctorates he is a Bhatnagar awardee as well as recipient of the M P Birla award the Prix Janssen of the French Astronomical Society and an Associate of the Royal Astronomical Society of London He is Fellow of the three Indian national science academies as well as of the Third World Academy of Sciences Well beyond his scientific research Prof Narlikar is widely known as a science communicator through his books articles and radio TV programs and he was honored by the UNESCO in 1996 with the Kalinga Award He made his debut in science fiction writing in 1974 by winning the top prize in the story writing competition organized by the Marathi Vidnyan Parishad a non governmental organization engaged in science popularization

The Great Return Jamie Franklin, 2025-03-13 The decline in Secular Western morality can only be halted and reversed by a full return to Christianity Many people have a sense that the Western World is in decline and that our society is fragmenting around us Many people have an ominous sense that we are living at the end of a civilised age and are moving into something far less pleasant and humane But fewer people understand why this is happening In this new book Jamie Franklin argues that the reason for this decline is because we have jettisoned the underlying belief system that gave birth to the Western world and the Western mind in the first place Christianity He argues that there is a logical and inevitable link between the decline of Christianity and the decline of the West As our metaphysical commitment to Christianity declines so does our commitment to the benefits that came to us from Christianity Through captivating argument he demonstrates how this plays out in the scientific realm which has abandoned objectivity for dogmatism in the ethical realm which is eliminating humanity from its own formulations and in the political scene as it moves away from the democratic principle towards a neo marxist influenced nihilistic technocracy that threatens to eliminate human culture distinctiveness and agency in the pursuit of a globalist utopia In so doing Franklin touches on contemporary political conversations that are exercising the public imagination such as abortion euthanasia transhumanism and the rebirth of the totalitarian impulse in Western democracies Only a revival of Christianity can reverse these trends This book urges the Church to take seriously its own commitment to the metaphysical and ethical presuppositions of its own faith But also acknowledges the great challenge that Christianity faces as it threatens to be overwhelmed by the rising tide of secular nihilism that may yet engulf the Western World
