.NET & XML Niel M. Bornstein, 2003-11-24 If you're seeking ways to build network based applications or XML based web services Microsoft provides most of the tools you'll need XML is integrated into the .NET Framework and Visual Studio .NET but if you want to get a grasp on how .NET and XML actually work together that's a different story With .NET XML you can get under the hood to see how the .NET Framework implements XML giving you the skills to write understandable XML based code that interoperates with code written with other tools and even other languages .NET XML starts by introducing XML and the .NET Framework and then teaches you how to read and write XML before moving on to complex methods for manipulating navigating transforming and constraining it To demonstrate the power of XML in .NET author Niel Bornstein builds a simple hardware store inventory system throughout the book As you move from chapter to chapter you'll absorb increasingly complex information until you have enough knowledge to successfully program your own XML based applications This tutorial also contains a quick reference to the API plus appendices present additional .NET assemblies that you can use to work with XML and how to work with the .NET XML configuration file format One study puts the potential market for new software based on XML at or near 100 billion over the next five years The .NET Framework gives you a way to become a part of it But to use XML and .NET effectively you need to understand how these two technologies work together This book gives you the insight to take full advantage of the power the two provide

Fun with Leadership Motivation & Change

Management Simone Janson, 2025-11-17 Also in the 8th revised and improved edition published by a government funded publisher involved in EU programs and a partner of the Federal Ministry of Education you receive the concentrated expertise of renowned experts overview in the book preview embedded in an integrated knowledge system with premium content and 75% advantage At the same time you do good and support sustainable projects Because leadership is often associated with seriousness and a responsibility that weighs heavily on the shoulders of many managers This is also due to the fact that in a globalized rapidly changing economy change processes have to be communicated and implemented which are not always fun for the managers and employees involved However as disadvantageous as this VUCA world may be it also offers many advantages such as increased flexibility and agility which can help to gain pleasure in responsibility This book shows how to do this Knowledge that makes a difference With its Information on Demand concept the publisher was not only involved in an EU funded program but also received several awards So when you buy the book you are also doing good The publisher is financially and personally committed to socially relevant projects such as tree planting campaigns scholarship foundations
