## Note-Taking Guide (CER)

Activity Title: Aquatic Ecosystems- Developing

| Activity Scoreboard                          |   |   |   |   |   |
|----------------------------------------------|---|---|---|---|---|
| when finished, circle highest score achieved |   |   |   |   |   |
| Attempt #                                    | 1 | 2 | 3 | 4 | 5 |
| Date                                         |   |   |   |   |   |
| Score                                        |   |   |   |   |   |

Claim:

There are different aquatic systems with diverse organisms.

| Evidence                                                                              | Reasoning/Justification                                                                   |
|---------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------|
| Aquatic ecosystems have abiotic - temp, light, salinity, depth                        | Different organisms can tolerate different factors                                        |
| Some organisms prefer fresh water vs. saltwater. Bull sharks + manatees tolerate both | Bull sharks and manatees are very different, but tolerate same conditions                 |
| Depth reduces light and increases pressure. Organisms deal with this differently.     | Many types of adaptations exist to survive in these conditions                            |
| The geography of an aquatic environment can determine the life forms present.         | Continental shelf gets lots of light, so there's many living things. Not so in the abyss. |
| Photosynthesis takes place in the neritic zone.                                       | It is the most productive area of the ocean. Plankton are base of food chain.             |
| Metabolism is affected by temp. Many species are cold-blooded.                        | Organisms can migrate or must have adaptations to survive.                                |

## Note Taking Guide Episode 902 Answers:

*Resources in Education*, 1997      **Research in Education**, 1973      *Work-Life Bloom* Dan Pontefract, 2023-10-24 GOLD MEDAL WINNER 2024 AXIOM BUSINESS BOOKS AWARD LEADERSHIP CATEGORY Work life balance isn't making anyone happy. In fact, our relentless attempts to achieve this goal have created workplaces full of stress, discontent, and burnout. While this workplace disillusionment has been brewing for years, the pandemic helped catalyze a cultural shift of workers redefining themselves beyond what they do for a living. Now it's time for you to rethink your role as a leader in the nexus of work and life. In *Work Life Bloom: How to Nurture a Team That Flourishes*, award-winning author Dan Pontefract contends that a thriving workplace isn't about employee engagement levels nor is it predicated on your team members bringing their best selves to work. Instead, it requires you to support the people you manage so they can be their best in work and life. Just as a flower needs the right mix of sunlight, water, and nutrients to grow, your people need the right mix of work-life factors to create a fulfilling and harmonious existence. Pontefract introduces a new leadership paradigm focused on twelve key work-life factors that determine whether your team members' gardens are able to grow. Drawing upon primary global research, interviews, and personal experiences, Pontefract delivers a timely blueprint for leaders to cultivate work-life ecosystems where individuals don't just survive; they bloom.

**Working Mother**, 2002-10 The magazine that helps career moms balance their personal and professional lives      **Working Mother**, 2000-10 The magazine that helps career moms balance their personal and professional lives      *Popular Mechanics*, 2002-03 *Popular Mechanics* inspires, instructs, and influences readers to help them master the modern world.
