(Main Titles)

from the Miramax Motion Picture THE CIDER HOUSE RULES

By RACHEL PORTMAN

Moderately

The musical score is written for piano in 3/4 time with a key signature of one sharp (F#). It consists of four systems of music, each with a treble and bass staff joined by a brace. The first system begins with a piano (*p*) dynamic marking. The melody in the treble staff features a series of eighth and quarter notes, while the bass staff provides a harmonic accompaniment with eighth and quarter notes. The second system continues the melody with a long note in the first measure. The third system shows the melody moving to a higher register. The fourth system concludes the piece with a final chord in the treble staff and a sustained bass line.

United States Constitution in Film Eric T. Kasper, Quentin D. Vieregge, 2018-10-15 The U S Constitution is often depicted in popular films teaching lessons about what this founding document means and what it requires Mr Smith Goes to Washington educates how a bill becomes a law 12 Angry Men informs us about the rights of the accused Selma explores the importance of civil rights voting rights and the freedom of speech Lincoln shows us how to amend the Constitution Not only have films like these been used to teach viewers about the Constitution they also express the political beliefs of directors producers and actors and they have been a reflection of what the public thinks generally true or not about the meaning of the Constitution From the indictment of Warren Court rulings in Dirty Harry to the defense of the freedom of the press in All the President's Men and The Post filmmakers are often putting their stamp on what they believe the Constitution should mean and protect These films can serve as a catalyst for nationwide conversations about the Constitution and as a way of either reinforcing or undermining the constitutional orthodoxies of their time Put another way these films are both symbols and products of the political tug of war over the interpretation of our nation's blueprint for government and politics To the contemporary student and the casual reader popular films serve as an understandable way to explain the Constitution This book examines several different areas of the Constitution to illuminate how films in each area have tried to engage the document and teach the viewer something about it We expose myths where they exist in film draw conclusions about how Hollywood's constitutional lessons have changed over time and ultimately compare these films to what the Constitution says and how the U S Supreme Court has interpreted it Given the ever present discussion of the Constitution in American politics and its importance to the structure of the U S government and citizens rights there is no question that the popular perceptions of the document and how people acquire these perceptions are important and timely *John Irving* Harold Bloom, 2001 A collection of eleven
