Notes From A Stranger:

The Law of Bills of Exchange, Promissory Notes, Checks, &c Cuthbert William Johnson, 1839 *Stranger's Notebook* Nomi Stone, 2008-10-28 Stone's moving debut collection of verse is inspired by her encounter with perhaps the last cohesive traditional Jewish community in the Middle East and North Africa. According to their story of origin, a handful of exiles arrived on the island of Djerba, Tunisia, in 586 B.C., carrying a single stone from the destroyed Temple in Jerusalem. Drawing from this cosmology, the poems follow a stranger who arrives into an ancient community that is both at home and deeply estranged on the island. Its people occupy the uneasy space of all insular communities, deciding when to let the world in and when to shut it out. The poems are about the daily lives and deeper cosmos of the Jews of Djerba as well as the Muslims next door. In her exploration, Stone sees vivid recurring images of keys, stones, homes, the laughter of girls, the eyes of men, the color blue, and the force of blood or bombs. With this journey of faith, doubt, longing, and home, Stone has brought readers a rare look into a story that resonates powerfully with questions of cultural preservation and coexistence.

The Law of Bills of Exchange, Promissory Notes, Checks, Etc Cuthbert William Johnson, 1837 **Notes and Queries**, 1866 *A Practical Treatise on Bills of Exchange, Checks on Bankers, Promissory Notes, Bankers' Cash Notes, and Bank Notes* Joseph Chitty, John Walter Hulme, 1854 Stranger's Knowledge Xavier Marquez, 2012-06-07

The Statesman is a difficult and puzzling Platonic dialogue. In *A Stranger's Knowledge*, Marquez argues that Plato abandons here the classic idea prominent in the Republic that the philosopher qua philosopher is qualified to rule. Instead, the dialogue presents the statesman as different from the philosopher, the possessor of a specialist expertise that cannot be reduced to philosophy. The expertise is of how to make a city resilient against internal and external conflict in light of the imperfect sociality of human beings and the poverty of their reason. This expertise, however, cannot be produced on demand; one cannot train statesmen like one might train carpenters. Worse, it cannot be made acceptable to the citizens or operate in ways that are not deeply destructive to the city's stability. Even as the political community requires his knowledge for its preservation, the genuine statesman must remain a stranger to the city. Marquez shows how this impasse is the key to understanding the ambiguous reevaluation of the rule of law that is the most striking feature of the political philosophy of the Statesman. The law appears here as a mere approximation of the expertise of the inevitably absent statesman: dim images and static snapshots of the clear and dynamic expertise required to steer the ship of state across the storms of the political world. Yet such laws, even when they are not created by genuine statesmen, can often provide the city with a limited form of cognitive capital that enables it to preserve itself in the long run, so long as citizens and especially leaders retain a philosophical attitude towards them. It is only when rulers know that they do not know better than the laws what is just or good and yet want to know what is just and good that the city can be preserved. The dialogue is thus, in a sense, the vindication of the philosopher-king in the absence of genuine political knowledge.

John Badcock, 1828 *A New Picture of Paris; Or, the Stranger's Guide to the French Metropolis ... To which is Added a Description of the Environs of Paris, with ... Maps, Plans, and Views* Edward PLANTA, 1817 *Stranger-Kingship in Antiquity* Julius Guthrie, Henry Anderson, Emma Nicholson, 2025-07-18 This volume introduces the notion of stranger kingship to the field of ancient history and evaluates its use as a new way of thinking about kingship as a political social and cultural phenomenon The chapters highlight the clear and widespread value of the stranger king as a new approach for understanding patterns of political life across time and space in antiquity The volume begins with theoretical discussions of the stranger king and explores how the theory can be mapped onto current thinking about kingship in both Greece and Rome The chapters then show the multifaceted ways in which this theory can be applied testing some of its core ideas through case studies that cover Hellenistic monarchy Greek and Roman kings the Ptolemies of Egypt Late Antique Roman emperors and Ostrogothic Italy and Visigothic Iberia The volume demonstrates that stranger kingship has much to offer studies of ancient kingship as a heuristic tool providing avenues for future research *Stranger Kingship in Antiquity* provides a fascinating cross cultural study of stranger kings of interest to students and scholars in classical studies and the history of the ancient Mediterranean world **A Stranger's Journey** David Mura, 2018 Long recognized as a master teacher at writing programs like VONA the Loft and the Stonecoast MFA with *A Stranger's Journey* David Mura has written a book on creative writing that addresses our increasingly diverse American literature Mura argues for a more inclusive and expansive definition of craft particularly in relationship to race even as he elucidates timeless rules of narrative construction in fiction and memoir His essays offer technique focused readings of writers such as James Baldwin ZZ Packer Maxine Hong Kingston Mary Karr and Garrett Hongo while making compelling connections to Mura's own life and work as a Japanese American writer In *A Stranger's Journey* Mura poses two central questions The first involves identity How is writing an exploration of who one is and one's place in the world Mura examines how the myriad identities in our changing contemporary canon have led to new challenges regarding both craft and pedagogy Here like Toni Morrison's *Playing in the Dark* or Jeff Chang's *Who We Be* *A Stranger's Journey* breaks new ground in our understanding of the relationship between the issues of race literature and culture The book's second central question involves structure How does one tell a story Mura provides clear insightful narrative tools that any writer may use taking in techniques from fiction screenplays playwriting and myth Through this process Mura candidly explores the newly evolved aesthetic principles of memoir and how questions of identity occupy a central place in contemporary memoir *Memory and Political Art in Plato's Statesman* Catherine Craig, 2023-04-17 In *Memory and the Political Art in Plato's Statesman* Catherine Craig provides an original reading of Plato's *Statesman* by bringing memory to the foreground The dialogue itself explores various components of political memory such as common speech myths and laws and argues that these create a framework in which we live our political lives Each of these aspects of

political memory serves as an image to move the individual to rational inquiry In this way the dialogue suggests that political memory can serve as a starting point for philosophic recollection allowing for a move from knowledge of the rational soul to first principles Craig shows how Plato weaves together the personal political and philosophic dimensions of memory providing a richer understanding of the significance of memory for political life Beyond providing an analysis of the Statesman this book helps readers consider the challenges of political memory in contemporary political life while also arguing that memory mediates between universal rational principles and the particular ends and circumstances of human life
