konjunkturellen Schwankungen unterliegen ist aber seit der Gründung der USA ein fest etabliertes Muster zur Erzeugung von öffentlichem Gefühl und Gemeinschaft. Dabei war das verstärkte Auftreten des Sentimentalen in der US-amerikanischen Geschichte stets ein Symptom für politische Krisen und damit einhergehende Krisen der politischen Kommunikation. Dennoch hat sich der Staatsbürger-sentimentalismus für amerikanische Staatslenker und Protestbewegungen gleichermaßen bewährt. Die Präsidentschaft Donald Trumps stellt eine eklatante Abkehr von den Konventionen des Staatsbürger-sentimentalismus dar. Trump hat immer wieder bewiesen, dass ihm Zeichen der Empathie, des Mitleids, der Trauer fremd sind. Zahlreiche Beispiele zeigen jedoch, dass Amerikanerinnen und Amerikaner in ihrem zivilgesellschaftlichen Engagement den Staatsbürger-sentimentalismus in öffentlichen Artikulationen von Trauer, Mitleid und Sorge weiterhin bewahren. Nicht erst seit dem letzten Wahlkampf ist allerdings berdeutlich, dass Mitgefühl und affektive Identifikation nicht mehr hinreichend sind, um die tiefgreifenden gesellschaftlichen Polarisierungen im Land zu überbrücken.

Broken Windows, Broken Business Michael Levine, 2021-05-11. Now revised and updated, this inspired, impactful and important book shows how to achieve the ultimate success by rectifying the small problems that can sink a business. Stephen R. Covey, author of *The 7 Habits of Highly Effective People*. Once every few years a book comes along with an insight so penetrating, so powerful and so simply demonstrably true that it instantly changes the way we think and do business. Such a book is *Broken Windows, Broken Business*, a breakthrough in management theory that can alter the destiny of countless companies striving to stay ahead of their competition. In this vital work, author Michael Levine offers compelling evidence that problems in business, large and small, typically stem from inattention to tiny details. Social psychologists and criminologists agree that if a window in a building is broken and left unrepaired soon thereafter the rest of the windows will be broken and the perception will build that crime in that neighborhood is out of control. The same principle applies to business. Drawing on real-world corporate examples from JetBlue's decision to give fliers what they really want: leather seats, personal televisions, online ticketing, to Google's customer-based strategy for breaking out of the pack of Internet search engines, to business firm successes and failures, Levine proves again and again how constant vigilance and an obsession with detail can make or break a business or a brand. With tips and advice on changing any business to one that dots its i's, crosses its t's and attracts more clients, *Broken Windows, Broken Business* goes straight to the heart of what makes all enterprises successful: the little things that mean a lot.

The Glocalization of Shanghai Disneyland Ni-Chen Sung, 2021-04-11. Focusing on Disney's production of Shanghai Disneyland, this book examines how the Chinese state and the local market influence Disney's ownership and production of the identities and the representations of Shanghai Disneyland. Qualitative methods are here applied to combine both primary and secondary data, including document analysis, participant observation and in-depth interviews. Shanghai Disneyland is purposely created to be different from the other Disneylands under the authentically Disney and distinctly Chinese mandate. In order to survive and thrive in China, Disney carefully constructs Shanghai Disneyland as Disneyland with Chinese

characteristics Previous studies tend to link Disney with cultural imperialism however this book argues that it is not imperialism but glocalization that promotes a global company's interests in China In particular the findings suggest state capital led glocalization glocalization led by economic capital of the state direct investment and economic capital with the state market potential Furthermore the four categories of glocalization with different conditions considerations and consequences illustrate various global local dynamics in the process of a global formation of locality The Glocalization of Shanghai Disneyland will appeal to students and scholars of sociology communication studies business studies and Asian studies more broadly
