Old School Simple Krish Sailam, 2013-07-04 Krish Sailam takes a macro level view of how technology is potentially slowing down small business There are too many game changers and too much noise from experts and there is not enough time in the day to keep up with every new technology that comes out You have a business to run and it is my job to save you time and more importantly money with your technology decisions Old School Simple helps you find a starting point Old School Simple explores three main themes How to decide if a technology is relevant to your business and will increase revenue or decrease costs How to create goals around implementing technology How to create actionable metrics to measure your success The point of the book is that if you had a choice to spend 1000 a month on technology that you didn't fully understand or didn't have time for versus 1000 a month making your core product better the decision to invest in your product is always a better bet But if you have to implement a new technology I want you as a business owner to define a goal and a metric The book provides guides on finding technology help defining tangible goals and measuring your success Talk to any expert in SEO social media paid search or app development and they will all agree it is nearly a full time job to stay on top of new technology every day As a small business owner your core job is to create amazing products and services Not to know every new technology that comes out If you do find a technology that is relevant to your business and your customers are asking for it Old School Simple gives you guidance to find technology and creative help Old School Simple is not a book to learn about Facebook Twitter or the latest social network It is a book about finding connections between your revenue model and these new technologies The chapters are rich with examples diagrams sample guides and quick summaries Hopefully it becomes a book you love to share with and recommend to other small

business owners I would love to ask you my customer for feedback on how I can make this book better and what other formats you would like to see it in Please let me know how you implemented or tested these techniques within your own business Email me at krish.absolutevariety.com Most people are too afraid to ask for feedback but I have to stay true to my book Things can always improve I just need to know what my customer wants Does the book come up short in any areas Do the examples need more or less fleshing out Would you like to submit your small business experience as an example Any and all feedback is much appreciated I see this as a living project that will continue to evolve over time though the basic principles will stay the same Technology must support the core revenue stream not just take up time Thanks for purchasing and recommending my book **Understanding the Customer Journey in the Digital Age** Ahmed Musa,2024-12-25

Today s customers interact with brands across multiple channels before making a purchase This book breaks down the modern customer journey from awareness to loyalty and provides insights into optimizing every touchpoint Learn how to leverage data personalization and omnichannel strategies to deliver exceptional customer experiences Whether you re a marketer business owner or strategist this book offers practical tools to better understand and engage your audience in a digital first world Business Email Writing John Lewis,2025-03-28 Customer Service Is Your Secret Sales Engine Use It Right Most businesses overlook customer service yet it s the key to driving retention revenue and reputation This book gives you the tools and proven templates to transform every interaction into a strategic advantage Turn support emails into loyalty and sales Recover lost customers before they leave for good Use service data to improve products marketing CX Quantify the true ROI of great and poor service Backed by global research and real world examples this guide shows why fixing one complaint can be worth more than a full ad campaign and how smart service drives long term growth If you want more bookings more referrals and more loyal customers start here **Start Your Own Online Coupon or Daily Deal Business**

Rich Mintzer,/ Entrepreneur magazine,2013-09-17 The online coupon and daily deal industries are booming as people from all socio economic groups are seeking deals and discounts in these trying economic times The experts at Entrepreneur deliver the startup details behind this hot opportunity and show eager entrepreneurs how to cash in on internet savvy savers Unlike old school design your own coupon book titles this book moves straight into computer technology and proceeds to the latest trend in couponing apps which provide deals to mobile users in any location Many daily deal businesses do not work to enhance the experience for their merchants Readers however can learn how to do so Experts in the industry are also included such as Marc Horne co creator of Daily Deal Builder who discusses what it takes to build a daily deal site David Teichner CEO of Yowza who brought deal apps to iPhones and several business owners who have tried their luck at running daily deal They discuss what they have learned from the process Currently there are few if any other books on how to start a daily deal business and the coupon books focus on how to use coupons and even on extreme couponing but not on running an online coupon business This is a unique title which provides those who enjoy offering deals and discounts to get started in an

industry that is still growing
