marketing funnels and campaigns New features of Instagram featured including stickers stories polls and reels Whether you re new to the Instagram world or you re not sure how to get more out of your profile this guide is the perfect tool for entrepreneurs ready to flood their business with sales With this guide s easy to use strategies easy to adapt blueprints and other copy and paste resources you ll unlock the power to become an Instagram Sales Machine *Facebook Instagram Stories Marketing Ads Pictorial Training Guide* Hillary Scholl,2018-08-29 Both Facebook and Instagram Video Stories exhibit many benefits for your business and one of its biggest advantages is the ability to tap into the massive amount of free traffic that this popular Social Live Video feature can receive from both desktop and mobile messaging application Story creation on Instagram and Facebook has been growing by leaps and bounds since image and video driven content has become a top priority Visual stories appeal to a variety of target markets from young adults to the over 30 group Now it s easier than ever to create stories and reach your target market due to the growing amount of apps and tools available If you are not using Instagram ads with story telling feature it s time to start Like most new things there is a learning curve depending on your skills and past experiences As Instagram Ads with stories features grow in popularity there will be even more to learn In addition the more people create stories the more competition you ll have The ebook Facebook Instagram Stories Marketing Ads Pictorial Training Guide is great guide consisting of 130 pages of snapshots pictures specifically designed to show both marketers or beginners on how Instagram Ads with Stories features can be used to promote any business establish Branding effectively and build a community of followers who are interested on making money online It focus especially on the tools feature of Instagram and Facebook through a lot of other techniques you will be able to find inside to take care of your account your images and your followers and how to make money by sharing your ads on this portal It is a comprehensive guide with simple easy to understand Mobile sceenshots picture which starts from basic steps to clients approach from doing market research utilizing Instagram ads storytelling features and FB features to attract subscribers driving traffic to your websites and much more Furthermore with the power of social live video features of both Instagram and Facebook you can utilize curated stories as a way to create interactive virtual scene projects and shared social proof with your business as well as established yourself as the authority figure in your niche It also means that you can always utilize free traffic as a way to build massive subscribers base for your business on a daily basis [Instagram Guide for Beginners and Dummies](#) Mey Irtz,2021-05-08 The ways in which we use social media are constantly changing and evolving While initially a place for users to share photos with their family and friends and post aesthetically pleasing updates for people to be able to see what is happening in their lives social media has increasingly become more integrated within consumer culture Social media platforms have become increasingly more geared towards driving engagement and generating ad revenue Some audiences who are primarily still using social media to connect and be social have been more resistant to this switch but others love this integration There are a plethora of ways to bridge this gap and encourage all types of audiences to engage willingly and

happily with business accounts As everyone surely knows Instagram is one of the most popular photo sharing platforms on social media today According to Instagram's own data over 200 million users visit at least one business profile each day 60% of users say that they have discovered a new product on Instagram and one third of the stories that receive the most views are posted by businesses As with the social media market as a whole there has been a shift from Instagram being a social platform to it being a media platform that places emphasis on unique content creation as well as business and marketing

Instagram Secrets Alexander Vinci, 2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn't an eCommerce business and so Instagram isn't the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You're a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother's ward with beautiful birthing and stay suites with a spa like feel 3 You're a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we'll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram's back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won't care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn't logged in for a while they won't have to scroll through outdated and no longer relevant posts They'll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be

located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book Instagram Marketing Algorithms Michael Gates,2020-10-06 The way brands communicate with their existing and target audience has undoubtedly transformed One of the main reasons for this transformation is the increase in the popularity of social networking platforms These days an increasing number of brands are using visual media for communicating their brand s message Social media has certainly revolutionized our lives Instagram has stood the test of time and is now one of the most popular social networking platforms today So if your brand isn t already on Instagram then there is no time like the present to get started Instagram has been around for a while but not a lot of people know how to make the most of its features The creators of this platform keep introducing new features along with changes to the algorithm So it is quintessential that you stay on top of all the updates In this book you will learn about the things you need to increase your following on Instagram so you can maximize your profits You will be given information about the different benefits you can reap by using Instagram You will learn about various tips for choosing the perfect Instagram name and tricks to optimize your brand s Instagram profile Apart from this you will also learn about specific strategies for building your niche on Instagram and thoroughly engage your audience Marketing on Instagram and how you can increase your following are also discussed in detail in this book A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how that brand sees the world Instagram is great for sharing videos and photos so make sure that when you connect the business with your followers make sure that it stays consistent with your brand rather than straying away or showing things that just don t go together Use your brand or company name in hashtags the hashtags that you pick don t have to be complicated If you already have a pretty good following on Instagram or your brand name is well known go ahead and use this as one of your hashtags This will make it easier for your followers to find you because they can just search the name and find some of your posts Make a follower famous it is not just about your followers checking out your posts it is about how you interact with your followers Take the time to look over the pages of your followers and then like and share some of their posts This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page Be careful with this one though because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not So if you are ready to learn more then let us get started immediately **Ecommerce Income Mastery Training Guide** Hillary Scholl,2019-10-18 Global retail e commerce sales are expected to reach 4.8 trillion by 2021

Ecommerce is expanding in every direction and becoming a more integral part of the consumer experience worldwide. Ecommerce sales currently account for 17.2% of all retail sales with online shopping itself growing 13.7% year on year. There's really never been a better time to get online. It's actually important that you learn about e-commerce as soon as you can because it especially mobile e-commerce has grown by 300% over the last few years with revenue of 700 billion in the US just last year.
