Mary Anne Eekhout, 2022-09-21 Wie gelingt es der jungen Mary Shelley Anfang des 19. Jahrhunderts Frankenstein zu schreiben? Dieses Buch möchte man am liebsten vorlesen, wenn der Regen gegen Fenster peitscht und Schatten aus den Ecken kriechen. Freundin Schweiz 1816 Ein Vulkanausbruch in Indonesien hüllt ganz Europa in Asche und Wolken. Die achtzehnjährige Mary und ihr Geliebter Percy Bysshe Shelley besuchen Lord Byron am Genfer See. Sie verbringen verregnete weinselige Abende vor dem Kamin. An einem der Abende fordert Byron sie auf, eine Geistergeschichte zu schreiben. Mary erinnert sich sofort an einen frühen Sommer Schottland 1812. Als Gast der Familie Baxter kommt Mary nach Dundee und freundet sich mit der jungen Isabella Baxter an. Schon bald streifen die beiden Mädchen stundenlang durch Felder und Wälder. Bis sie dem charismatischen, aber etwas unheimlichen Mr. Booth begegnen, der vielleicht nicht so wohlwollend ist, wie er vorgibt. Lebendig erweckt Anne Eekhout einen entscheidenden Moment in Mary Shelleys Jugend zum Leben: den Ursprung für eines der originellsten und zeitlosesten Werke der Literatur.

Narratives, Nerdfighters, and New Media Jennifer Burek Pierce, 2020-11-15 For decades we've been warned that video killed the radio star, and more recently that social media has replaced reading. Nerdfighteria, a first of its kind online literary community with nearly three million members, challenges these assumptions. It is the brainchild of brothers Hank and John Green, who provide literary-themed programming on their website and YouTube channel, including video clips from John, a best-selling author most famous for his young adult book *The Fault in Our Stars*. These clips not only give fans personal insights into his works and the writing process, but they also provide unique access to the author, inspiring fans to create their own fan art and make connections with one another. In the twenty-first century, reading and watching videos are related activities that allow people to engage with authors and other readers. Whether they turn to *The Fault in Our Stars* or titles by lesser-known authors, Nerdfighters are readers incorporating thousands of testimonials about what they read and why. Jennifer Burek Pierce not only sheds light on this particular online community, she also reveals what it tells us about the changing nature of reading in the digital age. In Nerdfighteria, we find a community who shows us that being online doesn't mean disinterest in books.

Fasselt, Carly McLaughlin, 2024-07-30 The Routledge Companion to Migration Literature offers a comprehensive survey of an increasingly important field. It demonstrates the influence of the age of migration on literature and showcases the role of literature in shaping socio-political debates and creating knowledge about the migratory trajectories, lives and experiences that have shaped the post-1989 world. The contributors examine a broad range of literary texts and critical approaches that cover the spectrum between voluntary and forced migration. In doing so, they reflect the shift in recent years from the author-centric study of migrant writing to a more inclusive conception of migration literature. The book contains sections on key terms and critical approaches in the field, important genres of migration literature, a range of forms and trajectories of migration with a particular focus on the global South and on migration literature's relevance in social contexts outside the academy. Its range of scholarly voices on literature from different geographical contexts and in different languages is central to its call for and contribution to a pluriversal turn in literary migration studies in future scholarship. This Companion will be of particular interest to scholars working on contemporary migration literature and it also offers an introduction to new students and scholars from other fields. Chapter 15 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-NonCommercial-NoDerivatives (CC BY-NC-ND) 4.0 license.

Gestures of Concern Chris Ingraham,2020-07-27 In *Gestures of Concern* Chris Ingraham shows that while gestures such as sending a Get Well card may not be instrumentally effective they do exert an intrinsically affective force on a field of social relations From liking sharing posting or swiping to watching a TED Talk or wearing an I Voted sticker such gestures operate as much through affective registers as they do through overt symbolic action Ingraham demonstrates that gestures of concern are central to establishing the necessary conditions for larger social or political change because they give the everyday aesthetic and rhetorical practices of public life the capacity to attain some socially legible momentum Rather than supporting the notion that vociferous public communication is the best means for political and social change Ingraham advances the idea that concerned gestures can help to build the affective communities that orient us to one another with an imaginable future in mind Ultimately he shows how acts that many may consider trivial or banal are integral to establishing those background conditions capable of fostering more inclusive social or political change School Library Management
