MicroMarketing Greg Verdino, 2010 **Market Your Way to Growth** Philip Kotler, Milton Kotler, 2012-12-26 Marketing guru Philip Kotler and global marketing strategist Milton Kotler show you how to survive rough economic waters. With the developed world facing slow economic growth, successfully competing for a limited customer base means using creative and strategic marketing strategies. *Market Your Way to Growth* presents eight effective ways to grow in even the slowest economy. They include how to increase your market share, develop enthusiastic customers, build your brand, innovate, expand internationally, acquire other businesses, build a great reputation for social responsibility, and more. By engaging any of these pathways to growth, you can achieve growth rates that your competitors will envy. Proven business and marketing advice from leading names in the industry. Written by Philip Kotler, the major exponent of planning through segmentation, targeting, and position, followed by the 4 Ps of marketing, and author of the books *Marketing 3.0*, *Ten Deadly Marketing Sins*, and *Corporate Social Responsibility*, among others. Milton Kotler is Chairman and CEO of Kotler Marketing Group, headquartered in Washington DC, author of *A Clear Sighted View of Chinese Marketing*, and a frequent contributor to the China business press.

Entrepreneurship for the Creative and Cultural Industries Bonita M. Kolb, 2015-03-27 Artists, musicians, actors, singers, designers, and other creative individuals need to understand basic business concepts if they are to successfully pursue their chosen artistic profession. These skills have historically not been taught to creative students, which leaves them unprepared to make a living from their artistic efforts. *Entrepreneurship for the Creative and Cultural Industries* will teach the basics of business in a way that is relevant to the challenges of running a small business, marketing a creative product. Whether it is understanding the basics of business language, appreciating the crucial importance of finance, or using social media marketing, this innovative textbook covers the entrepreneurial skills required to succeed in the creative sector. Including advice from artists who have turned their idea into a profitable business and worksheets that can be combined into a simple business plan, Kolb helps non-business-minded creatives to understand everything they need to succeed in the increasingly competitive creative economy. This textbook is essential reading for non-business students who are looking to understand the business side of the creative sector, whilst its practical style will also suit recent graduates in these industries.

Kolb, 2013-07-18 *Marketing for Cultural Organizations* presents traditional marketing theory with a focus on the aspects most relevant to arts or cultural organizations.
