Internet Guide to Anti-Aging and Longevity Elizabeth Connor, 2006-01-26 Quickly and easily find anti aging and health strategies on the Internet Even the most sophisticated Web surfer can become frustrated searching for specific health information on the Internet The Internet Guide to Anti Aging and

Longevity tackles this problem by providing a comprehensive compilation of annotated links on health aging issues and longevity. This easy to use reference gives health professionals, researchers, or anyone looking for health and aging related information a full range listing of Web sites relating to anti aging and health related issues including those with information on disease, longevity research, and experimental health approaches. Beyond the actual listing of Web sites, the Internet Guide to Anti Aging and Longevity also provides complete and clear explanations of Web addresses, instruction on evaluating Web content using search engines and search directories, discussion groups, Web forums, and blogs, and instruction on using the invisible Web content not easily accessed through regular search engines. The guide includes screen captures, a glossary of health and Web terms you may encounter, a table of site types and geographic suffixes, a list of helpful health organizations, and a bibliography. The Internet Guide to Anti Aging and Longevity lists Web sites according to the different types of information you may be searching for, including general health, aging and seniors, anti aging and longevity, diseases and conditions of aging, conditions that have an effect on longevity, experimental, futuristic approaches, research on aging, institutes, clinics, organizations and societies, publications, statistics. The Internet Guide to Anti Aging and Longevity is a thorough one stop reference for health professionals, health educators, public, academic, health sciences, or special librarians, or anyone interested in learning how to find the information to stay young and vital.

[Pro SharePoint 2010 Business Intelligence Solutions](#) Sahil Malik, Winsmarts LLC, Srini Sistla, Steve Wright, 2011-10-12. What differentiates good organizations from bad? The good ones are those that take advantage of the data they already have and use the feedback that business intelligence gives them to improve their processes. SharePoint is now the delivery platform of choice for Microsoft's business intelligence products, and in this book we reveal how to get the most from developing business intelligence solutions on SharePoint 2010. To understand the various business intelligence offerings in SharePoint 2010, you need to understand the core SQL Server business intelligence concepts, and the first part of the book presents a comprehensive tutorial on those fundamentals. Pro SharePoint 2010 Business Intelligence Solutions then focuses on specific SharePoint business intelligence investments including Visio Services, Excel Services, SQL Server Reporting Services, Business Connectivity Services, PerformancePoint Services. All of this is done using a practical, hands-on format with enough examples to empower you to use these products in your real life projects. As compelling as SharePoint and SQL Server business intelligence are together, the challenge always has been finding people who understand both SharePoint and SQL Server well enough to deliver such business intelligence solutions. With this book in hand, you become part of that select group.
