Warum zitieren frühchristliche Autoren pagane Texte? Vadim Wittkowsky, 2015-07-24 Das Zitieren der uralten paganen Tradition ist für das frühchristliche Schrifttum nicht selbstverständlich Zitate aus den griechischen Werken vor allem der klassischen Zeit kommen dort jedoch relativ oft vor in einigen Traktaten wie besonders bei Clemens von Alexandrien sind diese sogar sehr häufig Das Buch setzt sich mit der Frage nach den Gründen dieser literarischen Praktik auseinander wobei deren jüdisch hellenistische Vorgeschichte besondere Beachtung findet Die Monographie kann von allen denjenigen mit Gewinn gelesen werden die sich für die Beziehungen zwischen dem Judentum dem in Entstehung begriffenen Christentum und der griechisch-römischen Umwelt interessieren Dem neutestamentlichen Zitieren der pagan griechischen Schriften ist ein separates Kapitel gewidmet

Die Welt im Ausnahmezustand Veronika Bachmann, 2009-12-15 Die Studie untersucht aus einem religionshistorischen Blickwinkel Aussagegehalt und Theologie des Wälderbuchs 1 Henoch 1:36 als eigenständiger frühjüdischer Schrift des 3. Jh. v. Chr. Bisher stieß der Text vor allem im Rahmen der Apokalyptikforschung auf Interesse Vertreter der These eines Henochjudentums deuten ihn als antizadokidische Schrift einer dissidenten Bewegung Ausgehend vom literarischen Profil des Textes arbeitet die Verfasserin die Bedeutung des Wälderbuchs im Kontext der ptolemäischen Vorherrschaft über Palästina heraus Das Wälderbuch erscheint aus einer solchen Perspektive als großer Aufruf an ein breites jüdisches Publikum die Relevanz seiner Religion und der traditionellen Lebensweise zu erkennen

Paul and Matthew Among Jews and Gentiles Ronald

Charles,2020-12-10 Terence L Donaldson s scholarship in the field of New Testament studies is vital as he has pressed scholars to pay closer attention to the complex relations between early Christ followers who were mostly non Jews and the Jewish matrix from which the narrative of the Christian proclamation comes from This volume allows prominent New Testament scholars to engage Donaldson s contributions both to sharpen some of his conclusions and to honour him for his work These essays are located at the intersections of three bodies of literature Matthew Paul and Second Temple Jewish Literature and themes and questions that have been central to Donaldson s work Christian Judaism and the Parting of the Ways Gentiles in Judaism and early Christianity Anti Judaism in early Christianity With contributions ranging from remapping Paul within Jewish ideologies and Paul among friends and enemies to socio cultural readings of Matthew and construction of Christian Identity through stereotypes of the Scribes and Pharisees this book provides a multi scholar tribute to Donaldson s accomplishments

Jewish Paideia Jason M. Zurawski,2023-10-10 Jewish Paideia investigates diverse self reflections on what it meant to be Jewish in Hellenistic and early Roman Diaspora communities by examining depictions of ideal Jewish education or paideia in the literature of the period Education offers a unique and unexplored vantage point for understanding the internal constructing of Jewish identity in progress as it provides key insight into the most determinative constituents of Jewish ethics and culture and into how questions of Jewishness were reimagined under dynamic and varied cultural and political circumstances Within the elite intellectual circles of the ancient Mediterranean world individual and communal identity not unlike today was inextricably bound to education Depictions of ideal Jewish education become for us windows into a discourse of identity as it happened By exploring how Jewish writers utilized paideia as a means of forming reshaping and deploying unique portraits of Jewish identity this volume fills a significant lacuna in the study of ancient Judaism and the Jewish people It also provides meaningful comparanda for Classicists and necessary background for later developments of Late Antique Jewish and Christian pedagogy The diverse ways in which education was construed directly reflect how authors sought to internally understand and externally portray the Jewish community Education offers keen insight into how the ancestral past became a contested site how the other was utilized as a foil for reinforcing the image of the in group how empire and colonization impacted understandings of the Jewish people within broader society and how Jewish law functioned to connect community members across space and time Paideia therefore provides the researcher unparalleled access to Jewish self reflections during this important period of history and to questions that have been central to developing a greater understanding of the Jewish people within the ancient Mediterranean world

Hagner,2025-03-27

In the late nineteenth century Jewish scholars began to be interested in Jesus and eventually Paul as important figures in the history of the Jewish people Rightly understood they argued Jesus and Paul belonged more to Judaism than to Christianity as even radical critical Christian scholars were concluding The earliest believers in Jesus were exclusively Jews forming something like a new sect within Judaism The emergence of the Christianity of the New Testament soon became a focus of attention for Jewish scholars and with this a host of questions arose such as about the influence of Hellenism the parting of the ways the widespread Christian misperception of Judaism the tragedy of anti Semitism and the identity of Jesus as Messiah and Lord The present essays address these and other issues maintaining throughout the tension of continuity and discontinuity and stressing the underappreciated radical newness of the New Testament Divine Wrath and Salvation in Matthew Anders Runesson,2016-10-01 Judgment and the wrath of God are prominent themes in Matthew s Gospel Because judgment is announced not only on the hypocritical but also on those who reject God s messengers and because this rejection is implicitly connected with the destruction of Jerusalem the Gospel has often been read in terms of God s rejection of Israel

with catastrophic results Anders Runesson sets out to show through careful study of Matthew's composition and comparison with contemporary Jewish literature that the theme of divine judgment plays very different and distinct roles regarding diverse groups of Jews including Jesus disciples and non Jews in this Gospel Runesson examines various assumptions regarding the criteria of judgment in each case and finds that Matthew does not support some of the most popular slogans in Christian theology The results and implications for our historical understanding of Christian origins and our theological estimation of Matthew's place in that story will be of vital interest to scholars and students for years to come
