Midnight City A Conquered Earth Novel The Conquered Earth Series:

Midnight City J. Barton Mitchell, 2012-10-30 Lord of the Flies meets War of the Worlds in J. Barton Mitchell's alien invaded post apocalyptic world where two teens and a young girl with amazing powers must stop the aliens mysterious plan. Earth has been conquered by an alien race known as the Assembly. The human adult population is gone having succumbed to the Tone, a powerful telepathic super signal broadcast across the planet that reduces them to a state of complete subservience. But the Tone has one critical flaw: It only affects the population once they reach their early twenties, which means that there is one group left to resist: Children. Holt Hawkins is a bounty hunter and his current target is Mira Toombs, an infamous treasure seeker with a price on her head. It's not long before Holt bags his prey, but their instant connection isn't something he bargained for. Neither is the Assembly ship that crash lands near them. Shortly after venturing inside, Holt finds a young girl who remembers nothing except her name: Zoey. As the three make their way to the cavernous metropolis of Midnight City, they encounter young freedom fighters, mutants, otherworldly artifacts, pirates, feuding alien armies, and the amazing powers that Zoey is beginning to exhibit. Powers that suggest she, as impossible as it seems, may just be the key to stopping the Assembly once and for all. *Midnight City* is the breathtaking first book of the *Conquered Earth* series.

Winterbay J. Barton Mitchell, 2013-12-17 Mira Toombs has fled Midnight City, leaving behind her home and the people she loves in a desperate gamble to repair the damage her Tone enhancing artifact has caused. It is a journey that will lead her to Winterbay, an infamous frozen city built in the middle of Lake Michigan. A place of secrets and conspiracies and the one place more dangerous for Mira than Midnight City. Winterbay is the last bastion of the World Before, a place that has shunned the power of the Strange Lands, and where being a Freebooter means the death sentence. To get what she needs, Mira must take a desperate bargain: One that will lead her into the city's icy depths where its greatest and most dangerous secret lies guarded by a massive deadly machine that rumor and myth say only one person can disarm. The one person not allowed inside the city walls. A Freebooter. Winterbay is a 14,000 word short story part of J. Barton Mitchell's *CONQUERED EARTH* series, set directly before the events of *Midnight City* and *The Severed Tower*, showing how Mira Toombs came to be set on a path not only to Clinton Station but to the two people who would change her life forever: Holt and Zoey. *Valley of Fires* J. Barton Mitchell, 2014-12-02 J. Barton Mitchell's sci fi tour de force *Conquered Earth* series concludes as the characters try and unite Earth's disparate survivors to overthrow its alien invaders once and for all. *The Severed Tower* is no more. Zoey has been taken by the Assembly and time is running out. Just as their feelings are finally out in the open, Holt Hawkins and Mira Toombs are forced apart onto individual quests to try and unite Earth's survivors against their alien invaders. Mira ventures west, holding together a fragile coalition of Wind Traders, White Helix, and rebel Assembly, a mix of groups that do not trust the other. The voices of the Assembly in Mira's head threaten to drive her mad, and she soon learns a grim reality: that the one resource they have on their side, the Strange Lands artifacts, are dying, and soon the world will be a very different place.

Meanwhile Holt travels with Ravan and Avril to Faust the dangerous desert city of the Menagerie pirate guild He goes not only to resolve his issues with Tiberius its tyrannical leader but to enlist the Menagerie in the fight to save Zoey Except Tiberius has his own problems The Menagerie is splintering word of rebellion is spreading If Holt wants their help he might have to side with his greatest enemy in exchange Valley of Fires is the final installment in J Barton Mitchell s Conquered Earth series following Midnight City and The Severed Tower and it brings the genre bending series to an utterly unforgettable close

The Severed Tower J. Barton Mitchell,2025-10-16 J Barton Mitchell s sci fi tour de force Conquered Earth series set in an alien invaded post apocalyptic world returns as the children forge deeper into the most dangerous lands in search of The Severed Tower Holt Mira and Max have fled Midnight City with Zoey after watching her repel an entire Assembly army Zoey s powers are unlocked but who and what she is remains a mystery All she knows is that she must reach the Severed Tower an infamous location in the middle of the world s most dangerous landscape The Strange Lands a place where the laws of physics have completely broken down But the closer they get to the Tower the more precarious things become The Assembly has pursued Zoey into the Strange Lands Among them is a new group their walkers and machines strangely bereft of any color stripped to bare metal and whose agenda seems to differ from the rest To make matters worse the group hunting Holt are here too led by a dangerous and beautiful pirate named Ravan So is Mira s first love Benjamin Aubertine whose singular ambition to reach the Tower threatens to get them all killed Then there s the Strange Lands themselves They have inexplicably begun to grow spreading outwards becoming more powerful Somehow it all seems tied to Zoey herself and the closer she gets to the Tower the weaker she becomes *Gothiniad* Surazeus
