

Midwifery And Childbirth In America

David Baud

Midwifery And Childbirth In America:

Midwifery and Childbirth in America Judith Rooks, 1999-02-01 Having a baby is an elemental human experience profound even sacred to some women and their families At the same time it is a significant component of health care The medical model of childbirth emphasizes the pathological potential of pregnancy and birth while an alternative model championed by midwives focuses on the normalcy of pregnancy and its potential for health Now available in paperback this definitive account of the many forces that intersect over the issue of childbirth explains in a comprehensive and authoritative manner the conceptual and philosophical differences between these models The author has brought together in a clear and readable fashion the myriad strands of history culture science economics and policy that have resulted in the current condition of maternity care in the United States She describes the disparate backgrounds training and roles of certified nurse midwives and lay or direct entry midwives and explains the contributions of both groups Rooks believes that maternity care and childbirth in America can and should be better than it is today and offers steps to take in the direction Author note Judith Rooks is a nurse midwife and epidemiologist with a long career in public health She has taught in a school of nursing a school of medicine and a school of midwifery The author of more than 50 scientific and professional papers she is also past president of the American College of Nurse Midwives She is an Associate of the Pacific Institute for Women's Health in Los Angeles

Midwifery and the Medicalization of Childbirth Edwin R. Van Teijlingen, 2004 This book provides an introduction to the sociological study of midwifery The readings have been selected to highlight the interplay between midwifery and medicine reflecting the medicalization of childbirth It highlights the major themes in both a historical and a current context as well as western and non western societies Two major themes underlie the organization of this book that the conception of midwifery must be broadened to encompass a sociological perspective and that the ongoing trend toward the medicalization of midwifery is crucial to an understanding of the historical current and future status of midwifery By medicalization of childbirth and midwifery the author means the increasing tendency for women to prefer a hospital delivery to a home delivery the increasing trend toward the use of technology and clinical intervention in childbirth and the determination of medical practitioners to confine the role played by midwives in pregnancy and childbirth if any to a purely subordinate one

Nurse-midwifery Laura Elizabeth Ettinger, 2006 In a unique and detailed historical study *Nurse Midwifery The Birth of a New American Profession* Laura E Ettinger fills a void with the first book length documentation of the emergence of American nurse midwifery This occupation developed in the 1920s involving nurses who took advanced training in midwifery In *Nurse Midwifery* Ettinger shows how nurse midwives in New York City eastern Kentucky Santa Fe New Mexico and other places both rebelled against and served as agents of a nationwide professionalization of doctors and medicalization of childbirth *Nurse Midwifery* reveals the limitations that nurses physicians and nurse midwives placed on the profession of nurse midwifery from the outset because of the professional interests of nursing and medicine The book argues

that nurse midwives challenged what scholars have called the male medical model of childbirth but the cost of the compromises they made to survive was that nurse midwifery did not become the kind of independent autonomous profession it might have been

Lying-in Richard W. Wertz, Dorothy C. Wertz, 1989-01-01 This lively history of childbirth begins with colonial days when childbirth was a social event and moves on to the gradual medicalization of childbirth in America as doctors forced midwives out of business and to the home birth movement of the 1980 s Widely praised when it was first published in 1977 the book has now been expanded to bring the story up to date In a new chapter and epilogue Richard and Dorothy Wertz discuss the recent focus on delivering perfect babies with its emphasis on technology prenatal testing and Caesarean sections They argue that there are many viable alternatives including out of hospital births in the search for the best birthing system Review of the first edition Highly readable extensively documented and well illustrated A welcome addition to American social history and women s studies It can also be read with profit by health planners hospital administrators consumers of health care and all those who are concerned with improving the circumstances associated with childbirth Claire Elizabeth Fox bulletin of the History of Medicine A fascinating brilliantly documented history not merely of childbirth but of men s attitudes towards women the effect of a burgeoning medical profession on our very conception of maternity and motherhood and the influence of religion on medical technology and science Thomas J Cottle Boston Globe This superb book is both an impeccably documented recitation of the chronological history of medical intervention in American childbirth and a sociological analysis of the various meanings given to childbirth by individuals interested groups and American society as a whole Barbara Howe American Journal of Sociology Richard W Wertz a builder in Westport Massachusetts is formerly an associate professor of American history at the Massachusetts Institute of Technology Dorothy C Wertz is a research professor at the School of Public Health Boston University *Childbirth: Midwifery theory and practice* Philip K. Wilson, 1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company Birth By Design Raymond De Vries, Cecilia Benoit, Edwin van Teijlingen, Sirpa Wrede, 2002-05-03 This collection of essays contains leading research in maternity care from Europe the United States and Canada to discuss systems of care for pregnancy and childbirth Birth By Design focuses on the practical side of good social science research This is a ground breaking work that looks not only at maternity but also the act of childbirth **Birth Chairs, Midwives, and Medicine** Amanda Carson Banks, 1999-01-01 *Varney's Midwifery* Julia Phillippi, Ira Kantrowitz-Gordon, 2023-09-25 Varney s Midwifery reflects current evidence based guidelines The Seventh Edition addresses care of women throughout the lifespan including primary care gynecology maternity care in a variety of settings and newborn care It also provides new content on social determinants of health the changing face of the population and the population that midwives serve It is known as the gold standard for midwifery practice *Supporting a Physiologic Approach to Pregnancy and Birth* Melissa D. Avery, 2013-03-28 Supporting a Physiologic Approach to Pregnancy and Birth A Practical Guide provides an overview of current evidence and a range of

practical suggestions to promote physiologic birth within the United States healthcare system Presenting the latest evidence available on practical approaches and minimal interventions this book looks into clinic exam rooms and hospital labor units to investigate the possibilities for improving the pregnancy and labor experience Contributors discuss recent research and other published information and present a range of ideas tools and solutions for maternity care clinicians including midwives nurses physicians and other members of the perinatal team An invaluable resource Supporting a Physiologic Approach to Pregnancy and Birth is a must have practical guide for those involved in all aspects of pregnancy and birth

Women and Health in America Judith Walzer Leavitt,1999 Organised chronologically and then by topic this volume covers studies of women and health in the colonial and revolutionary periods through the Civil War The remainder of the book focuses on the late 19th and 20th centuries

Childbirth Across Cultures Helaine Selin,2009-12-01 This book will explore the childbirth process through globally diverse perspectives in order to offer a broader context with which to think about birth We will address multiple rituals and management models surrounding the labor and birth process from communities across the globe Labor and birth are biocultural events that are managed in countless ways We are particularly interested in the notion of power Who controls the pregnancy and the birth Is it the hospital the doctor or the in laws and in which cultures does the mother have the control These decisions regarding place of birth position who receives the baby and even how the mother may or may not behave during the actual delivery are all part of the different ways that birth is conducted One chapter of the book will be devoted to midwives and other birth attendants There will also be chapters on the Evolution of Birth on Women s Birth Narratives and on Child Spacing and Breastfeeding This book will bring together global research conducted by professional anthropologists midwives and doctors who work closely with the individuals from the cultures they are writing about offering a unique perspective direct from the cultural group

Giving Birth With Confidence (Official Lamaze Guide, 3rd Edition) Judith Lothian,Charlotte DeVries,2017-03-28 For a Safe and Healthy Birth Your Way Giving Birth with Confidence will help take the mystery out of having a baby and help you better understand how your body works during pregnancy and childbirth giving you the confidence to make decisions that best ensure the safety and health of you and your baby Giving Birth with Confidence is the first and only pregnancy and childbirth guide written by Lamaze International the leading childbirth education organization in North America Written with a respectful positive tone this book presents Information to help you choose your maternity care provider and place of birth Practical strategies to help you work effectively with your care provider Information on how pregnancy and birth progress naturally Steps you can take to alleviate fear and manage pain during labor The best available medical evidence to help you make informed decisions Previously titled The Official Lamaze Guide this 3rd edition has updated information on How vaginal birth keeping mother and baby together and breastfeeding help to build the baby s microbiome How hormones naturally start and regulate labor and release endorphins to help alleviate pain Maternity care practices that can disrupt the body s normal functioning The latest

recommendations on lifestyle issues like alcohol vitamins and caffeine Room sharing and cosleeping the controversy recommendations and safety guidelines Out of hospital births are on the rise New research and advice on planned home birth including ACOG s revised guidelines which support women s choices and promote seamless transfer to hospital if needed The importance of avoiding unnecessary caesareans for mother and child Includes the new ACOG guidelines on inductions and active labor The research in support of the Lamaze International s Six Healthy Birth Practices which are Let labor begin on its own Walk move around and change positions throughout labor Bring a loved one friend or doula for continuous support Avoid interventions that aren t medically necessary Avoid giving birth on your back and follow your body s urges to push Keep mother and baby together it s best for mother baby and breastfeeding The American Midwife Debate Judy Barrett Litoff,1986-02-21 Hebamme USA **Caring and Curing** Dianne Elizabeth Dodd,Deborah Gorham,1994 This collection of essays takes the reader from the early 19th century struggle between female midwives and male physicians right up to the late 20th century emergence of professionally trained women physicians vying for a place in the medical hierarchy The bitter conflict for control of birthing and other aspects of domestic health care between female lay healers particularly midwives and the emerging male dominated medical profession is examined from new perspectives Published in English

Mainstreaming Midwives Robbie Davis-Floyd,Christine Barbara Johnson,2012-12-06 Providing insights into midwifery a team of reputable contributors describe the development of nurse and direct entry midwifery in the United States including the creation of two new direct entry certifications the Certified Midwife and the Certified Professional Midwife and examine the history purposes complexities and the political strife that has characterized the evolution of midwifery in America Including detailed case studies the book looks at the efforts of direct entry midwives to achieve legalization and licensure in seven states New York Florida Michigan Iowa Virginia Colorado and Massachusetts with varying degrees of success

Engendering Mayan History David Carey Jr.,2013-01-11 Presenting Mayan history from the perspective of Mayan women whose voices until now have not been documented David Carey allows these women to present their worldviews in their native language adding a rich layer to recent Latin American historiography and increasing our comprehension of indigenous perspectives of the past Drawing on years of research among the Maya that specifically documents women s oral histories Carey gives Mayan women a platform to discuss their views on education migrant labor work in the home female leadership and globalization These oral histories present an ideal opportunity to understand indigenous women s approach to history the apparent contradictions in gender roles in Mayan communities and provide a distinct conceptual framework for analyzing Guatemalan Mayan and Latin American history *Japanese American Midwives* Susan L. Smith,2010-10-01 In the late nineteenth century Japan s modernizing quest for empire transformed midwifery into a new woman s profession With the rise of Japanese immigration to the United States Japanese midwives sanba served as cultural brokers as well as birth attendants for Issei women They actively participated in the creation of Japanese American community and culture as preservers of

Japanese birthing customs and agents of cultural change Japanese American Midwives reveals the dynamic relationship between this welfare state and the history of women and health Susan L Smith blends midwives individual stories with astute analysis to demonstrate the impossibility of clearly separating domestic policy from foreign policy public health from racial politics medical care from women s caregiving and the history of women and health from national and international politics By setting the history of Japanese American midwives in this larger context Smith reveals little known ethnic racial and regional aspects of women s history and the history of medicine Birth as an American Rite of Passage Robbie Davis-Floyd,2022-05-05 This classic book first published in 1992 and again in 2003 has inspired three generations of childbearing people birth activists and researchers and birth practitioners midwives doulas nurses and obstetricians to take a fresh look at the standard procedures that are routinely used to manage American childbirth It was the first book to identify these non evidence based obstetric interventions as rituals that enact and transmit the core values of the American technocracy thereby answering the pressing question of why these interventions continue to be performed despite all evidence to the contrary This third edition brings together Davis Floyd s insights into the intense ritualization of labor and birth and the technocratic humanistic and holistic models of birth with new data collected in recent years The Golden Girls Kate Browne,2020-05-05 A feminist approach to America s four best friends The Golden Girls made its prime time debut in 1985 on NBC and the critically acclaimed show has been a constant television companion through cable reruns and streaming media services ever since Most people know that The Golden Girls is a sitcom about four feisty older women living together in Miami who love to eat cheesecake but Kate Browne argues that The Golden Girls is about so much more Drawing on feminist literary studies and television studies Browne makes a case for The Golden Girls as a TV milestone not only because it remains one of the most popular sitcoms in television history but also because its characters reflect shifting complexities of gender age and economic status for women in the late twentieth century and beyond Each chapter is dedicated to exploring what makes these remarkable characters defy expectations of how older women should look act and love Chapter 1 focuses on Dorothy Zbornak s intriguing gender performance and shifting desirability Chapter 2 digs into Blanche Devereux s difficult relationship with motherhood and aging Chapter 3 highlights how Rose Nylund made all the right choices in life but consistently finds herself disenfranchised by the same social and economic institutions that promised to protect her at midlife Chapter 4 centers on how Sophia Petrillo drives the action of the show as a trickster bending plots to her own desires and offering moral lessons to the other characters The book offers an important analysis of a hugely popular sitcom that extends the boundary of what makes TV groundbreaking and worthy of study Browne argues that The Golden Girls is a classic sitcom in almost every way which keeps audiences engaged and allows the show to make subversive moves when it matters most Written with both superfans and scholars in mind the book invites new diverse ways of thinking about the show to spark future scholarship and conversation about four of the most beloved characters in sitcom history

Nurse-midwifery in America ,1986

Midwifery And Childbirth In America Introduction

In the digital age, access to information has become easier than ever before. The ability to download Midwifery And Childbirth In America has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Midwifery And Childbirth In America has opened up a world of possibilities. Downloading Midwifery And Childbirth In America provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Midwifery And Childbirth In America has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Midwifery And Childbirth In America. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Midwifery And Childbirth In America. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Midwifery And Childbirth In America, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Midwifery And Childbirth In America has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Midwifery And Childbirth In America Books

What is a Midwifery And Childbirth In America PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Midwifery And Childbirth In America PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Midwifery And Childbirth In America PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Midwifery And Childbirth In America PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Midwifery And Childbirth In America PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these

restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
