Otteson,2021-04-08 You have heard of the Seven Deadly Sins pride greed lust envy gluttony wrath and sloth Each is a natural human weakness that impedes happiness In addition to these vices however there are economic sins as well And they too wreak havoc on our lives and in society They can seem intuitively compelling yet they lead to waste loss and forgone prosperity In this thoughtful and compelling book James Otteson tells the story of seven central economic fallacies explaining why they are fallacies why believing in them leads to mistakes and loss and how exorcizing them from our thinking can help us avoid costly errors and enable us to live in peace and prosperity The Path to the Present Paolo Petrignani,2024-09-13 This book is a history of human views and ideas and their related motives and consequences from pre history and early civilization through Judaic Greek and Christian heritages and all the way up to humanistic and modern perspectives It draws from many sources in the humanities including anthropology history of religion theology philosophy

history and cultural studies It is addressed to an audience of readers who have an interest in the history of ideas including students or thinkers of any kind who are interested in the existential issues that have occupied hearts and minds since the beginning of humanity For the purpose of storytelling the present is placed in a future timeframe when the current historical period of modernity will have reached its probable conclusion Seen from this contrafactual perspective a historical narrative can weave together what would otherwise have been random changes and give meaning to the unfolding of history It is a story that leads to a possible future in which with the benefit of hindsight people can understand the errors of the past and chart a course towards the peaceful flourishing of humanity
