Lupo, Dan Reynolds, Christine Hardigree, 2024-11-20 Filling a crucial need this book provides concrete ways to support all students in grades 6-12 as they engage with rigorous grade level texts in English language arts, science, and social studies. The authors know you're crazy busy, so they made the book easy to use, whether you want to read it cover to cover or pick out sections to help you with lesson planning and classroom management. They also know you face new challenges, so they thoroughly revised this second edition to meet the needs of today's students. The book contains big picture concepts such as how to understand middle school learners and explore the nature of science with them, a comprehensive overview of science and engineering practices, STEM and inquiry-based middle
