The Soul of Strategy Bernard Jaworski, David Sprott, 2025-11-25 A

powerful and original new take on business strategy with the customer at the center of it designed to generate enduring competitive advantage When setting strategy organizations typically spend too much time thinking about the competition and resources within the firm and not enough time on the customer the soul of any organization Such an approach is reflected in the fact that most popular theories of business strategy have focused on resource and capability based perspectives of the firm Real world businesses embracing and applying these intuitively attractive theories have struggled to compete however exactly because those theories fail to adequately account for the most important actor in all commercial transactions the customer In The Soul of Strategy two veteran strategists and academics deliver a straightforward new approach to business strategy one that builds and expands on the classic work of Peter Drucker recognizing the inescapable reality faced by every organization that a firm's primary job is to create and keep customers The book offers a comprehensive customer centric strategy framework a set of fresh perspectives and tools and step by step guides to implementing the leadership styles governance structures and technology that companies require to outcompete their rivals in attracting and retaining customers The book brings to life these key principles by using case studies and examples of organizations in a variety of industries You'll find A clear description of the concept of customer centricity and its value to the organization A new consumer behavior framework that will enable you to ask the right questions to elicit unique actionable customer insights A Customer Choice Cascade that details how to select prioritize and deliver value for both customers and the firm A balanced perspective on how to both find sources of innovation and systematically abandon activities products structures and systems that no longer add value to customers The key role that customer insight data play in setting customer centered strategy Expansions on Drucker's proven strategic insights and ideas that go beyond well worn frameworks like Porter's Five Forces Perfect for managers executives board members and other business leaders The Soul of Strategy is also a can't miss resource for strategy consultants and advisors and anyone else interested in effective new ways of thinking about difficult and long standing strategic problems

Innovation Leaders Jean-Philippe Deschamps, 2009-08-25 Innovation leaders promote and address the innovation agenda in their company Through personal conviction or competitive necessity they are obsessed with providing superior value to customers through innovation They know how to mobilize their staff behind concrete innovation initiatives and do not hesitate to personally coach innovation teams For innovation to occur leadership has to be collective To create a momentum for innovation in their company leaders from different functions need to team up to build innovation networks Innovation leadership is not just an innate talent that can be selected at the hiring level It can be developed within an appropriate company culture through careful leadership development typically achieved through career management and coaching Innovation leaders also need to stay on board and it is the responsibility of the top management team to create an attractive climate to develop and keep its innovation leaders There are plenty of books that deal with innovation or with new product development or with leadership this is different in its focus on the specifics of innovation leadership that particular

form of leadership that stimulates and sustains innovation This book maps the broad territory of innovation leadership and contributes new thinking on the focus of the emerging leadership role of the CTO distinction between front end and back end innovation leaders the concept of aligning leadership styles with strategy and the chain of leadership concept Combining practice based and empirical research based observations with simple conceptual frameworks illustrated by many company examples and case stories from a broad range of industries in the US and Europe this is a systematic presentation of innovation drivers and their implications in terms of what leaders need to do to make it work
