Nesta Digital Manual:

Hidden Innovation Stuart Cunningham, 2013 Because of the divergence in world views and methods between scientists and the creative sector innovation systems and policies have focused for decades on science engineering technology and medicine The humanities arts and social sciences have had their contributions hidden from research agendas policy and program initiatives and the public mind But structural changes to advanced economies and societies have brought service industries and the creative sector to greater prominence as key contributors to innovation Hidden Innovation peels back the veil tracing the way innovation occurs through new forms of screen production enabled by social media platforms as well as in public broadcasting It shows that creative workers are contributing fresh ideas across the economy and traces how policies are beginning to catch up with the changing social and economic realities on a global level Hidden Innovations argues that the innovation framework offers the best opportunity in decades to reassess the case for the public role of the humanities particularly the media and cultural and communication studies Rethinking Culture and Creativity in the Digital Transformation Luciana Lazzeretti, Stefania Oliva, Niccolò Innocenti, Francesco Capone, 2023-03-31 This book discusses the role of digital technologies in the growth and development of cultural organizations and the creative sector It includes contributions by authoritative scholars who address this topic through different perspectives methodologies and approaches The first part of the volume focusses on theoretical contributions that identify the main transformations caused by the digital revolution the use of data outlining new possible analytic frameworks and future lines of research The second part of the volume presents empirical contributions applied to different fields in the study of the cultural and creative sectors These range from analyses of traditional cultural organizations such as museums the evolution of trajectories in the fashion industry techno creative communities digital services for tourism to cultural and creative industries and wealth and creative work This edited volume will be of great value to scholars in the fields of Economics and Management including Economic Geography and Economic Development Students and researchers interested in learning more about new technologies and their impact on cultural and creative sectors will also benefit from this book This book was originally published as a special issue of European Planning Studies **Netzbetriebsverfahren zur Koordinierung von Phasenschiebertransformatoren und HGÜ-Verbindungen im Verbundnetz** Martin Wolfram, 2019-01-01 Die Übertragungsnetzbetreiber reagieren auf entstehende Überlastungen einzelner AC Leitungen sowohl mit dem Ausbau des AC Netzes als auch mit der vermehrten Integration von Phasenschiebertransformatoren PST und Hochspannungsgleichstrom Übertragungen HGÜ die eine definierte Beeinflussung der AC Wirkleistungsflüsse ermöglichen Zur Vermeidung von negativen Wechselwirkungen zwischen diesen Betriebsmitteln widmet sich die Arbeit der Fragestellung wie sich geeignete Arbeitspunkte von PSTs und HGÜs zur Wahrung der Netzsicherheit bestimmen lassen Dazu wird ein einheitliches Netzbetriebsverfahren entworfen dass unterschiedliche Methoden zur Koordinierung von PST und HGÜ verwendet um so auf

die verschiedenen zeitlichen Gegebenheiten während der Netzbetriebsplanung und der Netzbetriebsführung einzugehen. Diese Methoden werden mithilfe numerischer Fallstudien an einem entworfenen Testnetz untersucht und deren Eignung analysiert.

Interactive Information Retrieval in Digital Environments Xie, Iris, 2008-04-30 This book includes the integration of existing frameworks on user oriented information retrieval systems across multiple disciplines the comprehensive review of empirical studies of interactive information retrieval systems for different types of users tasks and subtasks and the discussion of how to evaluate interactive information retrieval systems Provided by publisher *Museum Innovation and Social Entrepreneurship* Haitham Eid, 2019-03-14 Museum Innovation and Social Entrepreneurship makes a contribution towards building a museum perspective of innovation that takes into consideration the unique role of museums in society Beginning and ending with the idea of museum innovation in a wider sense the book takes digital innovation as a particular focus Drawing on innovation theories from business studies and case studies from national museums in the US and the UK as well as numerous examples of innovative museum projects around the globe the author unpacks in practical terms what it means for museums to be innovative and socially enterprising As a result Eid presents a research based model of innovation in museums which is flexible enough to be fully or partially adopted by any museum regardless of size location mission or nature of the collections it houses As such this model makes innovation in museums scalable replicable and feasible to start and operate Supplying the museum studies field with essential terminologies and conceptual frameworks related to innovation Museum Innovation and Social Entrepreneurship helps to forge new ideas and create common ground with other disciplines Therefore the book should be essential reading for academics researchers and graduate students working in the fields of museum and heritage studies digital humanities and business studies It should also be of great interest to practitioners working in museums around the globe
