

The Dos and Don'ts of Networking

When looking to start networking and growing your personal brand, here are some important general dos and don'ts to keep in mind.

- 1 **Do** your research before any meeting or event. For conferences and networking events, research the panelists and speakers so you can be ready to ask informed questions.
- 2 **Do** perfect your personal [elevator pitch](#). Whether it's to use in an email, a LinkedIn request, at a networking event, or even if you run into your career hero on a chance encounter.
- 3 **Do** practice explaining what your company does. As part of your intro, you'll often want to mention what company you work for.
- 4 **Do** be targeted in your networking efforts. [Sending standard connection requests on LinkedIn to hundreds of people in your industry will get you nowhere.](#) Sending a few personalized requests to people who have the specific type of role you're looking for will be more effective.
- 5 **Do** [build a great LinkedIn profile](#). Even if you're not big on posting, you need to be sure that when someone Googles you, your up-to-date and accurate LinkedIn page is ready to show you in your best light.
- 6 **Do** know what you want to get out of any networking meeting. What specific questions about the industry would you like answered?
