Edelstein, 2013-11-05 *Total Propaganda* moves the study of propaganda out of the exclusive realm of world politics into the more inclusive study of popular culture media and politics All the participatory

functioning elements of the society are aspects of membership in the popular culture Thus the values of popular music media politics debates over social issues and even international trade become everyday propaganda to which everyone may relate To emphasize the necessity for new thinking about propaganda Edelstein creates the concepts of the new propaganda and the old and he devises a language of unonyms to convey their meanings more quickly Oldprop is characteristic of mass cultures and utilizes totalitarian methods of conflict hegemony minimization demonization and exclusiveness to achieve its goals By contrast newprop is created by members of the popular culture to allow them to engage in accomodation enhance the individual and promote inclusiveness Shifts in the old and the new propaganda are tracked across social issues such as race religion sexuality gender gun control and the environment as well as in fashion politics advertising sports media and politics Central to the concept of total propaganda is that it is not simply additive it is the product of new energies that are produced by the fusing of propaganda in such related forums as music art advertising sports and politics It is these synergies and their production of new energies that make total propaganda greater than the sum of its parts Edelstein concludes that the most important distinction that should be drawn between mass culture and popular culture is its text i e its propaganda In a popular culture everyone creates and consumes propaganda in a mass culture almost everyone consumes it but only a few create it This formulation offers new ways to discuss power and ideology in media texts As an example where once the least informed and the least educated were the most subject to propaganda now the most informed and most educated often are the first to create propaganda and the first to consume it

The Rhetoric of the New Political Documentary Thomas W Benson, Brian J Snee, 2008-05-23 The Rhetoric of the New Political Documentary explores the most visible and volatile element in the 2004 presidential campaign the partisan documentary film This collection of original critical essays by leading scholars and critics including Shawn J and Trevor Parry Giles Jennifer L Borda and Martin J Medhurst analyzes a selection of political documentaries that appeared during the 2004 election season The editors examine the new political documentary with the tools of rhetorical criticism combining close textual analysis with a consideration of the historical context and the production and reception of the films The essays address the distinctive rhetoric of the new political documentary with the films typically having been shot with relatively low budgets in video and using interviews and stock footage rather than observation of uncontrolled behavior The quality was often good enough and interest was sufficiently intense that the films were shown in theaters and on television which provided legitimacy and visibility before they were released soon afterwards on DVD and VHS and marketed on the Internet The volume reviews such films as Michael Moore s Fahrenheit 9 11 two refutations of Moore s film Fahrenhype 9 11 and Celsius 41 11 Unprecedented The 2000 Presidential Election and George W Bush Faith in the White House films that experimented with a variety of angles and rhetorics from a mix of comic disparagement and earnest confrontation to various emulations of traditional news and documentary voices The Rhetoric of the New Political Documentary represents the continued transformation of American

political discourse in a partisan and contentious time and showcases the independent voices and the political power brokers that struggled to find new ways to debate the status quo and employ surrogate independents to create a counterrhetoric

TURBULENCE AND UPHEAVAL The world had just emerged from a war that had killed millions of people and a global pandemic that had ended the lives of tens of millions more Its events reverberated throughout the rest of the twentieth century and still affect us today Empires fell The Ottoman Empire collapsed after more than six centuries The British Empire had reached its zenith but its heyday was over The Irish Free State was declared and demands for independence in India grew New nations and new politics came into existence The Soviet Union was officially created and Mussolini's Italy became the first Fascist state In the USA Prohibition was at its height The Hollywood film industry although rocked by a series of scandals continued to grow A new mass medium radio was making its presence felt and the BBC was founded In literature it was the year of peak modernism Both T S Eliot's *The Waste Land* and James Joyce's *Ulysses* were first published in full In society already changed by the trauma of war and pandemic the morals of the past seemed increasingly outmoded new ways of behaving were making their appearance The Roaring Twenties had begun to roar and the Jazz Age had arrived In a

sequence of vividly written sketches Nick Rennison conjures up all the drama and diversity of an extraordinary year
CRITICAL ACCLAIM FOR 1922 SCENES FROM A TURBULENT YEAR Vivid In this enjoyable slice of popular history
Rennison assembles a month by month almanac including all the most notable moments from science politics art and culture
GUARDIAN Fascinating and highly readable What a memorable picture Rennison paints for us of what any minute now will
be a century ago He picks out salient events from all over the world It s the juxtaposing of those kinds of political events with
quirky unexpected items that make this book the opposite of soporific DAILY MAIL Entertaining and thoroughly readable
canter through the events of a century ago Fascinating OBSERVER This is a delightful book and Rennison s selection is
intelligent and lively He has an eye for the significant detail and an agreeably dry tone I hope Rennison has a 1923 book
already well in hand and is even now researching a 1924 one This 1922 book should please those who are well versed in
history but it will also be a treat for those for whom the past is another country SCOTSMAN Its eclecticism works brilliantly a
