Skills Strategy Implementation Guidance for Slovenia Collectif, 2018-12-05 A well coordinated adult learning system will be essential to support the achievement of Slovenia s long term development goals The transformational effects of globalisation technological progress and demographic change on life at work and outside of it amplify the importance of

getting adults skills right OECD research shows that individuals employers and society benefit from adults having higher levels of skills Slovenia has achieved significant improvements in student performance and tertiary attainment in recent decades Yet today many adults in Slovenia have only low levels of basic skills Participation in adult learning remains below Slovenia s targets especially for low skilled unemployed and older adults and workers in small businesses Against the backdrop of a growing economy and awareness about the importance of skills Slovenia s government social partners and stakeholders have a unique opportunity to improve how they share responsibility and work together in the adult learning system This report outlines how Slovenia can strengthen the enabling conditions for co operation co operation between specific actors ministries municipalities and stakeholders and co operation on specific challenges promotion and financing It recommends eight actions that government social partners and stakeholders can take to strengthen co ordination and co operation in order to improve participation outcomes and cost effectiveness in adult learning Public Housing Agency
Administrative Practices Handbook for the Section 8 Existing Housing Program ,1995
